#### SUPPLEMENTARY INFORMATION:

##### Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Skytop Rover Co., of Philadelphia, PA (Registered Importer R-06-343) (Skytop) has petitioned NHTSA to decide whether the subject nonconforming 2009 Buell motorcycles are eligible for importation into the United States. The vehicles which Skytop believes are substantially similar are 2009 Buell motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it compared non-U.S. certified 2009 Buell 1125R, Ulysses XB, Lightning XB, and Blast motorcycles to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

Skytop submitted information with its petition intended to demonstrate that the subject non-U.S. certified 2009 Buell motorcycles, as originally manufactured, conform to many FMVSS in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2009 Buell motorcycles are identical to their U.S.

certified counterparts with respect to compliance with: Standard Nos. 106 *Brake Hoses*, 111 *Rear Visibility*, 116 *Motor Vehicle Brake Fluids*, 119 *New Pneumatic Tires for Motorcycles*, and 122 *Motorcycle Brake Systems*.

The petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: replacement of front and rear turn signal lamps, front, rear and side mounted reflex reflectors, headlamps, rear taillamps, stop lamps, and license plate lamps with U.S. certified components on vehicles that are not already so equipped.

Standard No. 120 *Tire selection and Rims for Motor Vehicles Other Than Passenger Cars*: installation of a tire information placard.

Standard No. 123 *Motorcycle Controls and Displays*: inspection of each vehicle and replacement of non-conforming speedometers with U.S.-model components on vehicles not already so equipped.

Standard No. 205 *Glazing Materials*: inspection of each vehicles and removal of noncompliant glazing or replacement of the glazing with U.S.-certified components on vehicles not already so equipped.

The petitioner additionally states that the vehicles meet the requirements of 49 CFR part 565 *VIN Requirements*.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a) (1(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.
