

Industry Limited. The rate previously established for the PRC-wide entity in the previous administrative review is 33.28 percent.³¹

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review in the **Federal Register**. Consistent with the Department's assessment practice in NME cases, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate.³² In addition, if the Department determines that an exporter under review had no shipments of subject merchandise, any suspended entries that entered under the exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.³³

For each individually-examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, the Department will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales, in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer- (or customer-) specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific assessment rate is zero or *de minimis*, the Department will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For the other companies eligible for a separate rate, the Department will instruct CBP to assess antidumping duties on the company's entries of subject merchandise at the rates listed above in the section "Final Results of Review."

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for Union and the other companies eligible for a separate rate, the cash deposit rate will that listed above in the section "Final Results of Review"; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding in which the exporter was reviewed; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be that established for the PRC-wide entity of 33.28 percent;³⁴ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC producer or exporter that supplied that non-PRC exporter with the subject merchandise. The deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

The Department intends to disclose to the parties the calculations performed for these final results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h).

Dated: November 20, 2015.

SUPPLEMENTARY INFORMATION:

Background

The Department's procedures for the conduct of Sunset Reviews are set forth in its *Procedures for Conducting Five-Year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) and 70 FR 62061 (October 28, 2005). Guidance on methodological or analytical issues relevant to the Department's conduct of Sunset

Reviews is set forth in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

Initiation of Review

In accordance with 19 CFR 351.218(c), we are initiating Sunset Reviews of the following antidumping and countervailing duty orders:

<u>DOC</u> <u>Case No.</u>	<u>ITC</u> <u>Case No.</u>	<u>Country</u>	<u>Product</u>	<u>Department</u> <u>Contact</u>
A-570-504	731-TA-282	PRC	Petroleum Wax Candles (4 th Review)	Matthew Renkey (202) 482-2312

Filing Information

As a courtesy, we are making information related to sunset proceedings, including copies of the pertinent statute and Department's regulations, the Department's schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on the Department's Web site at the following address: <http://enforcement.trade.gov/sunset/>. All submissions in these Sunset Reviews must be filed in accordance with the Department's regulations regarding format, translation, and service of documents. These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"), can be found at 19 CFR 351.303.¹

This notice serves as a reminder that any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information.² Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives in these segments.³ The formats for the revised certifications are provided at the end of the *Final Rule*.

¹ See also *Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263 (July 6, 2011).

² See section 782(b) of the Act.

³ See *Certification of Factual Information To Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) ("Final Rule") (amending 19 CFR 351.303(g)).

The Department intends to reject factual submissions if the submitting party does not comply with the revised certification requirements.

On April 10, 2013, the Department modified two regulations related to AD/CVD proceedings: The definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301).⁴ Parties are advised to review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in these segments. To the extent that other regulations govern the submission of factual information in a segment (such as 19 CFR 351.218), these time limits will continue to be applied. Parties are also advised to review the final rule concerning the extension of time limits for submissions in AD/CVD proceedings, available at <http://enforcement.trade.gov/frn/2013/1309frn/2013-22853.txt>, prior to submitting factual information in these segments.⁵

Letters of Appearance and Administrative Protective Orders

Pursuant to 19 CFR 351.103(d), the Department will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the

public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order ("APO") to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties, as defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.⁶

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's

⁴ See *Definition of Factual Information and Time Limits for Submission of Factual Information: Final Rule*, 78 FR 21246 (April 10, 2013).

The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the Commission's information requirements. Consult the Department's regulations for information regarding the Department's conduct of Sunset Reviews. Consult the Department's regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

SUPPLEMENTARY INFORMATION:

Extension of Comment Period

On October 5, 2015, (80 FR 60125) we (NMFS) published in the **Federal Register** a request for public comment on the notice of availability of the Coastal Multispecies Recovery Plan for the California Coastal Chinook salmon (*Oncorhynchus tshawytscha*) Evolutionarily Significant Unit (ESU), the Northern California steelhead (*O.*

mykiss) Distinct Population Segment (DPS), and the Central California Coast steelhead (*O. mykiss*) DPS. The public comment period for this action is set to end on December 4, 2015. The comment period is being extended through January 18, 2016, to provide additional opportunity for public comment.

Background

The Endangered Species Act of 1973 (ESA), as amended (16 U.S.C. 1531 *et seq.*) requires we develop and implement recovery plans for the conservation and survival of threatened and endangered species under our jurisdiction, unless it is determined that such plans would not promote the conservation of the species. The Public Draft Recovery Plan was developed for three salmon and steelhead species: The California Coastal (CC) Chinook salmon ESU, and the Northern California (NC) and Central California Coast (CCC) steelhead DPSs. Between 1997 and 2000, NMFS listed the CCC steelhead DPS (62 FR 43937; August 18, 1997), the CC Chinook salmon ESU (64 FR 50394; September 16, 1999), and the NC steelhead DPS (65 FR 36074; June 7, 2000), as threatened under the ESA due to the precipitous and ongoing declines in their populations.

Our goal is to restore the threatened CC Chinook salmon, and NC and CCC steelhead to the point where they are self-sustaining populations within their ecosystems and no longer need the protections of the ESA.

The Public Draft Recovery Plan

The ESA requires recovery plans incorporate, to the maximum extent practicable: (1) Objective, measurable criteria which, when met, would result in a determination that the species is no longer threatened or endangered; (2) site-specific management actions necessary to achieve the plan's goal for the conservation and survival of the species; and (3) estimates of the time required and costs to implement recovery actions.

The Public Draft Recovery Plan provides background on the natural history, population trends and the potential threats to the viability of CC Chinook salmon, and NC and CCC steelhead. The Public Draft Recovery Plan lays out a recovery strategy to address conditions and threats based on the best available science and incorporates objective, measurable criteria for recovery. The Public Draft Recovery Plan is not regulatory, but presents guidance for use by agencies and interested parties to assist in the recovery of CC Chinook salmon, and NC and CCC steelhead.
