## OFFICE OF PERSONNEL MANAGEMENT

### 48 CFR Part 1733

RIN 3206-AK07

### Protests, Disputes, and Appeals

**AGENCY:** Office of Personnel Management.

**ACTION:** Final rule.

**SUMMARY:** The Office of Personnel Management (OPM) is issuing a final rule to reflect a change of address for the Interior Board of Contract Appeals (IBCA). IBCA has moved to a new building in Arlington, Virginia.

**DATES:** This rule is effective October 31, 2003.

**FOR FURTHER INFORMATION CONTACT:** Henry Wong, Contracting Officer, Office of Personnel Management, Contracting Branch, Room 1342, 1900 E Street, NW., Washington, DC 20415-7710. Telephone: 202-606-1598 Fax number: 202-606-1464, e-mail: [hlwong@opm.gov](mailto:hlwong@opm.gov).

### SUPPLEMENTARY INFORMATION:

- I. Background
- II. Procedural Requirements

#### I. Background

In 48 CFR part 1733, OPM has promulgated regulations concerning disputes and appeals involving OPM contracting officer decisions. Pursuant to a designation by the Director of OPM, appeals under the Contract Disputes Act, 41 U.S.C. 601 *et. seq.*, are handled by IBCA. Since 1970, IBCA has been located at 4015 Wilson Boulevard, and

that address is included in two sections within 48 CFR part 1733.

IBCA has relocated to 801 North Quincy Street, Arlington, Virginia. OPM is revising its administrative appeals regulations to reflect IBCA's new street address.

## II. Procedural Requirements

### A. Determination To Issue Final Rule Effective in Less Than 30 Days

OPM has determined that the general notice of proposed rulemaking and comment provisions of the Administrative Procedures Act, 5 U.S.C. 553(b), do not apply to this rulemaking because the changes being made relate solely to matters of agency organization, procedure, and practice. They therefore satisfy the exemption from notice and comment rulemaking in 5 U.S.C. 553 (b)(A).

### B. Review Under Procedural Statutes and Executive Orders

OPM has reviewed this rule under the following statutes and executive orders governing rulemaking procedures: The Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1501 *et. seq.*; the Regulatory Flexibility Act, 5 U.S.C. 601 *et. seq.*; the Small Business. Regulatory Enforcement Fairness Act of 1996, 5 U.S.C. 801 *et. seq.*; the Paperwork Reduction Act, 44 U.S.C. 3501 *et. seq.*; the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et. seq.*; Executive Order 12630 (Takings); Executive Order 12866 (Regulatory Planning and Review); Executive Order 12988 (Civil Justice Reform); Executive Order 13132 (Federalism); Executive Order 13175 (Tribal Consultation); and Executive Order 13211 (Energy Impacts). OPM has determined that this rule does not trigger any of the procedural requirements of those statutes and executive orders, since this rule merely changes the street address for IBCA.

### Regulatory Flexibility Act

I certify that these regulations would not have a significant economic impact on a substantial number of small entities because they would apply only to Federal agencies and employees.

Executive Order 12860, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with E.O. 12866.

### Conformance With Federal Acquisition Circulars 2001-15 and 2001-14

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Final rule.

**SUMMARY:** This final rule revises the NASA FAR Supplement (NFS) to conform to changes made to the Federal Acquisition Regulation (FAR) by Federal Acquisition Circular (FAC) 2001-15 by providing guidance to contracting officers for use of clause alternates to implement environmental management system (EMS) requirements on NASA facilities and removing the requirement for submission of SF 129, Solicitation Mailing List Application. Additional changes are made to conform to the revised definition of "United States" contained in FAC 2001-14 and to update the designated NASA ombudsman.

**EFFECTIVE DATE:** October 31, 2003.

**FOR FURTHER INFORMATION CONTACT:** Celeste Dalton, NASA, Office of Procurement, Contract Management Division (Code HK); (202) 358-1645; e-mail: [Celeste.M.Dalton@nasa.gov](mailto:Celeste.M.Dalton@nasa.gov).

### SUPPLEMENTARY INFORMATION:

#### A. Background

Item I of FAC 2001-15 eliminated the SF 129, Solicitation Mailing List Application and the need to maintain paper-based sources of contractor information. As a result, a change to NFS Part 1805 is required. FAC 2001-15, item number V, Leadership in

Environmental Management (E.O. 13148), requires insertion of Alternates I or II to FAR clause 52.223-5, Pollution Prevention and Right-to-Know Information, in certain contracts that provide for performance on a Federal facility if an Environmental Management System (EMS) is being implemented. NASA is implementing an EMS. This NFS change implements FAC 2001-15 item number V by providing guidance on when to use the alternates. FAC 2001-14, clarified the use of the term "United States."

NFS section 1825.7001 is amended to remove the phrase "its possessions, and Puerto Rico" since it is no longer necessary based on the definition of "United States" contained in FAR Part 25. Lastly, this change to the NFS updates the designated NASA ombudsman.

This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

## B. Regulatory Flexibility Act

This final rule does not constitute a significant revision within the meaning of FAR 1.501 and Pub. L. 98-577, and publication for public comment is not required. However, NASA will consider comments from small entities concerning the affected NFS Parts 1805, 1823, 1825 and 1852 in accordance with 5 U.S.C. 610.

## C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes do not impose recordkeeping or information collection requirements which require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

### SUPPLEMENTARY INFORMATION

#### A. Background

Each year, NASA's financial statements are audited in accordance with generally accepted government auditing standards. NASA must maintain adequate controls to reasonably assure that property, plant and equipment and materials are presented fairly in its financial statements. Since contractors maintain NASA's official records for its assets in their possession, NASA uses the data contained in contractor reports for annual financial statements and property management. This interim rule provides policies and procedures related to obsolete property, contractor validation of 1018 data, and proper reporting of software to which NASA has title. This change will provide for consistent reporting of NASA property by contractors. It also reflects the need to change the date of submission for
