

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648–XB648]

Fisheries of the South Atlantic; South Atlantic Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of South Atlantic Fishery Management Council (Council) Seminar Series presentation.

SUMMARY: The Council will host a presentation on managing a multispecies fishery with management complexities similar to the Snapper Grouper Fishery Management Plan via webinar on January 11, 2022.

DATES: The webinar presentation will be held on Tuesday, January 11, 2022, from 1 p.m. until 2:30 p.m.

ADDRESSES:

Meeting address: The presentation will be provided via webinar. The webinar is open to members of the public. Information, including a link to webinar registration will be posted on the Council's website at: <https://safmc.net/safmc-meetings/other-meetings/> as it becomes available.

Council address: South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 302–8439 or toll free: (866) SAFMC–10; fax: (843) 769–4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The Council will host a presentation from the Pacific Fishery Management Council on management of groundfish species, including more than 65 rock fish species; flatfish, such as petrale sole and Dover sole; and roundfish, such as sablefish and Pacific whiting (hake). Management of the Pacific groundfish fishery has addressed issues similar to those identified in managing the multispecies Snapper Grouper Fishery Management Complex within the South Atlantic region. A question-and-answer session will follow the presentation. Members of the public will have the opportunity to participate in the discussion. The presentation is for informational purposes only and no management actions will be taken.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for

auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 17, 2021.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Permits; Foreign Fishing

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of application for transshipment permit; request for comments.

SUMMARY: NMFS publishes for public review and comment information regarding a permit application for transshipment of farmed salmon from aquaculture operations in Maine waters to processing plants in Canada by Canadian flagged vessels. The application for a transshipment permit is submitted under provisions of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). This action is necessary for NMFS to make a determination that the permit application can be approved.

DATES: Written comments must be received by January 5, 2022.

ADDRESSES: Written comments on this action, identified by “RTID 0648–XB641” should be sent to Kent Laborde in the NMFS Office of International Affairs and Seafood Inspection by email at kent.laborde@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Kent Laborde at (301) 427–8364 or by email at kent.laborde@noaa.gov.

SUPPLEMENTARY INFORMATION:**Background**

Section 204(d) of the Magnuson-Stevens Act (16 U.S.C. 1824(d)) authorizes the Secretary of Commerce (Secretary) to issue a transshipment permit authorizing a vessel other than a vessel of the United States to engage in fishing consisting solely of transporting fish or fish products at sea from a point

within the United States Exclusive Economic Zone (EEZ) or, with the concurrence of a state, within the boundaries of that state, to a point outside the United States.

Section 204(d)(3)(D) of the Magnuson-Stevens Act provides that an application to transship from U.S. waters to another country using non-U.S. vessels may not be approved until the Secretary determines that “no owner or operator of a vessel of the United States which has adequate capacity to perform the transportation for which the application is submitted has indicated . . . an interest in performing the transportation at fair and reasonable rates.” NMFS is publishing this notice as part of its effort to make such a determination with respect to the application described below.

Summary of Application

NMFS received an application from True North Salmon Limited Partnership and 697002 NB, Inc, requesting authorization to transfer salmon from United States farm pens in Maine waters to four Canadian vessels for the purpose of transporting the salmon to Black's Harbour, Canada for processing. The transshipment operations will occur within the boundaries of the State of Maine, and within 12 nautical miles from Maine's seaward boundary. NMFS issued permits for the same vessels for use in calendar year 2021. Those permits will expire December 31, 2021.

Dated: December 17, 2021.

Alexa Cole,

Director, Office for International Affairs and Seafood Inspection, National Marine Fisheries Service.
