

EFFECTIVE DATE: Any Federal agency interested in acquiring the land or facility must notify the FTA Region II Office of its interest by November 17, 2006.

ADDRESSES: Interested parties should notify the Regional Office by writing to Letitia A. Thompson, Regional Administrator, Federal Transit Administration, 1 Bowling Green, Room 428, New York, NY 10004.

FOR FURTHER INFORMATION CONTACT: Hans Point Du Jour, FTA, Region II, (212) 668-2170.

SUPPLEMENTARY INFORMATION:

Background

49 U.S.C. 5334(g) provides guidance on the transfer of capital assets. Specifically, if a recipient of FTA assistance decides an asset acquired under this chapter at least in part with that assistance is no longer needed for the purpose for which it was acquired, the Secretary of Transportation may authorize the recipient to transfer the asset to a local government authority to be used for a public purpose with no further obligation to the Government. 49 U.S.C. 5334(g)(1).

Determinations

The Secretary may authorize a transfer for a public purpose other than mass transportation only if the Secretary decides:

(A) The asset will remain in public use for at least 5 years after the date the asset is transferred;

(B) There is no purpose eligible for assistance under this chapter for which the asset should be used;

(C) The overall benefit of allowing the transfer is greater than the interest of the Government in liquidation and return of the financial interest of the Government in the asset, after considering fair market value and other factors; and

(D) Through an appropriate screening or survey process, that there is no interest in acquiring the asset for Government use if the asset is a facility or land.

Federal Interest in Acquiring Land or Facility

This document implements the requirements of 49 U.S.C. 5334(g)(1)(D)

of the Federal Transit Laws. Accordingly, FTA hereby provides notice of the availability of the land or facility further described below. Any Federal agency interested in acquiring the affected land or facility should promptly notify the FTA. If no Federal agency is interested in acquiring the existing land or facility, FTA will make certain that the other requirements specified in 49 U.S.C. 5334(g)(1)(A) through (C) are met before permitting the asset to be transferred.

Additional Description of Land or Facility

The subject building is located at 2701 New York Avenue, Union City, New Jersey, on approximately 3 acres of land. The property comprises one entire block and is bounded by Bergenline Avenue on the west, New York Avenue on the east, 29th Street on the north and 27th Street on the south. The building was built in stages between 1896 and 1928 as a trolley maintenance facility. It has approximately 135,000 square feet of building area overall, with 7 bus bays available for storage and service and is in a deteriorating condition. The structure currently houses the City of Union City Department of Public Works operations, in addition to smaller City offices. Prior to its use by NJT, the site was formerly occupied by Public Service Gas and Electric Company.

Issued on: October 12, 2006.

Pipeline and Hazardous Materials Safety Administration

Office of Hazardous Materials Safety; Notice of Applications for Modification of Special Permit

AGENCY: Pipeline and Hazardous Materials Safety Administration, DOT.

ACTION: List of applications for modification of special permit.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the application described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are not repeated here. Request of modifications of special permits (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new applications for special permits to facilitate processing.

DATES: Comments must be received on or before November 2, 2006.

ADDRESS COMMENTS TO: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.

FOR FURTHER INFORMATION CONTACT:

Copies of the applications are available for inspection in the Records Center, Nassif Building, 400 7th Street, SW., Washington, DC or at <http://dms.dot.gov>.

This notice of receipt of applications for modification of special permits is published in accordance with part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53(b)).

Issued in Washington, DC, on October 12, 2006.

Delmer E. Billings,
