

in the same manner as a state for the purpose of receiving delegation of authority to administer the Federal part 71 operating permit program for the Former Bennett Freeze. The EPA Region IX reviewed NNEPA's application and determined that it met the four criteria for eligibility, identified in 40 CFR 49.6, for the Former Bennett Freeze, and was thus eligible for entering into a supplemental delegation agreement with the EPA Region IX to administer the part 71 program for the Former Bennett Freeze.<sup>1</sup> The EPA Region IX's eligibility determination was signed on April 28, 2020.

Pursuant to 40 CFR 71.10(b), the EPA Region IX hereby notifies the public that effective July 28, 2020, it granted the NNEPA's request and is fully delegating the authority to administer the Federal operating permits program for the Former Bennett Freeze as set forth under 40 CFR part 71 and in the Agreement. The terms and conditions for the supplemental delegation are specified in the Agreement between the EPA Region IX and the NNEPA.

If, at any time, the EPA Region IX determines that the NNEPA is not adequately administering or cannot adequately administer the requirements of part 71 or fulfill the terms of the Agreement, this supplemental delegation may be revoked, in whole or in part, pursuant to 40 CFR 71.10(c), after appropriate consultation with the NNEPA. The EPA will notify the public through a **Federal Register** notice of a partial or full termination of this Agreement.

Under the supplemental delegation, the EPA retains the authority to (1) object to the issuance of any part 71 permit for sources located in the Former Bennett Freeze, (2) act upon petitions submitted by the public regarding sources in the Former Bennett Freeze, and (3) collect fees from the owners or operators of any sources in the Former Bennett Freeze if it is demonstrated that the NNEPA is not adequately administering the part 71 program with respect to the Former Bennett Freeze, in accordance with the Agreement, 40 CFR part 71, and/or the Act. Because the EPA is retaining its authority to act upon petitions submitted pursuant to 40 CFR 71.10(h) and 71.11(n), any such petitions must be submitted to the EPA

Region IX following the procedures set forth in those regulations.
