

information required under the rule (49 CFR 1552.3(d)) and this notice is necessary to conduct threat assessments on Category 4 candidates.

Flight schools must submit all of the information required in section 1552.3(d) and this notice to TSA through the AFSP system. TSA will describe this process in greater detail on the AFSP Web site, including how candidates obtain a User ID.

### III. Fees

#### A. Standards and Guidelines Used by TSA in Developing These Fees

The total fee will be \$70 for each Category 4 recurrent training request. TSA calculated the fee from a detailed analysis of historical data on the actual number of Category 4 recurrent training candidates (population), the actual cost of processing the Category 4

submissions, the actual cost of performing the candidate assessments, and the actual cost of maintaining the information systems to support the process over the past four years.

#### B. Costs

Candidates for recurrent training must pay a fee, through their respective flight training provider, to cover the following costs:

TABLE 1—AFSP CATEGORY 4 ACTUAL COSTS

Operational year	FY2005	FY2006	FY2007	FY2008	Total
Cost Components:					
Threat Analysis .....	\$20,770	\$22,150	\$23,917	\$23,524	\$90,361
Enrollments .....	1,063,100	746,969	1,014,875	818,778	3,643,722
Program Management .....	243,940	402,850	525,634	353,148	1,525,572
Hardware/Software .....	264,806	110,392	119,408	95,301	589,907
Program Administration .....	48,579	42,194	40,969	38,138	169,880
Grand Totals .....	1,641,195	1,324,555	1,724,803	1,328,889	6,019,442

For the TSA security threat assessment, each Category 4 candidate's information will be checked against multiple databases and other information sources so that TSA can determine whether the candidate poses a security threat that warrants denial of approval of the training request. TSA must establish and maintain the appropriate systems, resources, and personnel to ensure that the candidate's information is appropriately linked, and that TSA will be able to receive and act on the results of the security threat

assessment. TSA must have the necessary resources—including labor, equipment, database access, and overhead—to adjudicate the results of the security threat assessment and complete the security threat assessment process.

An analysis of historical costs necessary to conduct candidate assessments for this category of applicants indicates that \$6,019,442 has been expended by TSA in fiscal years 2005–2008. The historical costs include \$90,361 for threat analysis, \$3,643,722

for enrollment, \$1,525,572 for program management, \$589,907 for hardware and software, and \$169,880 for program administration costs necessary to facilitate the processing.

#### C. Population

An analysis of historical data on Category 4 candidates in fiscal years 2005–2008 indicates that 85,638 training requests have been processed under this category. The analysis indicates the following training requests for each fiscal year.

TABLE 2: AFSP CATEGORY 4 ACTUAL POPULATION

Operational year	FY2005	FY2006	FY2007	FY2008	Total
Annual Candidates for Category 4 recurrent training .....	16,417	17,248	29,373	22,600	85,638
Grand Total .....	16,417	17,248	29,373	22,600	85,638

#### D. Total Fee

The fee TSA charges will recover all costs related to the security threat assessment process. TSA has determined that the fee required to fully recover the candidate assessment costs will be \$70 per candidate. The \$70 fee was determined by dividing the actual number of historical training requests (85,638) into the actual historical cost (\$6,019,442) of services for this category.

TSA will continue work to minimize program costs. Additionally, in accordance with statutory financial management requirements, TSA is required to review fees no less than every two years. See 31 U.S.C. 902(a)(8). Upon review, if it is found that the fees

are either too high (total fees exceed the total cost to provide the services) or too low (total fees do not cover the total costs to provide the services), TSA will adjust the fee. If TSA adjusts the fees for this reason, TSA will publish a notice in the **Federal Register** apprising the public of the change.
