

additional information, please contact Elizabeth Davis, Statistician, Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531 (email: [Elizabeth.Davis@usdoj.gov](mailto:Elizabeth.Davis@usdoj.gov); telephone: 202-305-2667).

**SUPPLEMENTARY INFORMATION:** Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement of the Survey of Campus Law Enforcement Agencies (SCLEA), with changes, a previously approved collection for which approval has expired.

(2) *The Title of the Form/Collection:* 2021 Survey of Campus Law Enforcement Agencies (SCLEA).

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number for the questionnaire is CJ-42. The applicable component within the Department of Justice is the Bureau of Justice Statistics, in the Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will be campus law enforcement agencies (LEAs) serving public and private 2- and 4-year postsecondary educational institutions with a full-time enrollment of 1,000 or more students. Periodically since 1995, BJS has collected information about the personnel, policies, and practices of campus law enforcement agencies via

the Survey of Campus Law Enforcement Agencies (SCLEA). This survey has been used to produce nationally representative estimates on campus law enforcement personnel, duties, administration, technology, officer selection, officer training, equipment, and jurisdiction. The survey instrument was reviewed by practitioners and subject matter experts to update it from the 2011 form and ensure it covers current topics of interest to campus law enforcement while reducing respondent burden. BJS plans to publish the information collected in a report and archive the data for public use.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An agency-level survey will be sent to approximately 1,860 campus LEA respondents. The expected burden placed on these respondents is about 1 hour per respondent.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There is an estimated 1,860 total burden hours associated with this collection.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: May 13, 2021.

**Melody Braswell,**

*Department Clearance Officer for PRA, U.S. Department of Justice.*

#### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice [21-030]]

#### Notice of Intent To Grant Exclusive License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of intent to grant partially exclusive patent license.

**SUMMARY:** NASA hereby gives notice of its intent to grant a partially exclusive patent license in the United States to practice the invention described and claimed in U.S. Patent Application Serial Number 17/119,632 entitled, "Shape Memory Alloy (SMA) Tubular Structure," LEW-20196-1, to SMART Tire Company, Inc. having its principal place of business in Los Angeles, CA. The fields of use may be limited to

powered bicycles with two wheels; electric-powered two-wheeled bicycles with pedal assist and a maximum speed of 20 miles per hour (MPH); and electric-powered kick scooters with a maximum speed of 20 MPH.

**DATES:** The prospective partially exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

**ADDRESSES:** Objections relating to the prospective license may be submitted to Patent Counsel at the NASA Glenn Research Center Office of General Counsel, via email at [robert.earp@nasa.gov](mailto:robert.earp@nasa.gov), with cc to [amy.hiltabidel@nasa.gov](mailto:amy.hiltabidel@nasa.gov). Phone (216) 433-3663.

**FOR FURTHER INFORMATION CONTACT:** Robert Earp, Patent Counsel at the NASA Glenn Research Center Office of General Counsel via email at [robert.earp@nasa.gov](mailto:robert.earp@nasa.gov). Phone (216) 433-3663.

This notice of intent to grant a partially exclusive patent license is issued in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i). The patent rights in this invention has been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective partially exclusive license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

*Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.*
