

satellite tags attached. This permit expires December 31, 2007. The permit holder requests authorization to expand the study area to include the Florida Keys, and to allow the capture, flipper and PIT tagging and collection of blood and tissue samples from an additional 150 juvenile and subadult green, 150 juvenile and sub-adult Kemp's ridley, 100 juvenile and sub-adult loggerhead, and 5 juvenile and sub-adult hawksbill sea turtles in the Florida Keys. The permit holder requests the addition of sampling techniques for all captured turtles to include scute scraping for heavy metal analysis, bioelectrical impedance analysis to determine fat content, gastric lavage to obtain stomach contents, and laparoscopic surgery to determine sex and reproductive status. Additionally, the permit holder requests authorization to utilize additional telemetry instruments and attachment methods, including radio tags, sonic (acoustic) tags, time depth recorders, and animal-borne video, audio and environmental data collection systems (AVEDS). Instruments will be attached to a maximum of 25 turtles of any species in Charlotte Harbor, and 25 turtles of any species in the Florida Keys, annually.

Dated: January 16, 2004.

Carrie W. Hubbard,

Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-S

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comments on Commercial Availability Petition under the African Growth and Opportunity Act (AGOA), the United States-Caribbean Basin Trade Partnership Act (CBTPA), and the Andean Trade Promotion and Drug Eradication Act (ATPDEA)

January 21, 2004.

AGENCY: The Committee for the Implementation of Textile Agreements

ACTION: Request for public comments concerning a petition for a determination that certain combed compact yarns, of wool or fine animal hair, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA, the CBTPA, and the ATPDEA.

SUMMARY: On January 14, 2004, the Chairman of CITA received a petition from Warren Corporation alleging that

combed compact yarns, of wool or fine animal hair, classified in subheadings 5107.10, 5107.20, or 5108.20 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that apparel from such yarns or from U.S.-formed fabrics containing such yarns be eligible for preferential treatment under the AGOA, the CBTPA, and the ATPDEA. CITA hereby solicits public comments on this request, in particular with regard to whether such yarns can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by **February 10, 2004** to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution Avenue, N.W. Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Martin Walsh, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-2818.

SUPPLEMENTARY INFORMATION:

Authority: Section 112(b)(5)(B) of the AGOA; Section 213(b)(2)(A)(v)(II) of the CBTPA, as added by Section 211(a) of the CBTPA; Sections 1 and 6 of Executive Order No. 13191 of January 17, 2001; Section 204 (b)(3)(B)(ii) of the ATPDEA, Presidential Proclamation 7616 of October 31, 2002, Executive Order 13277 of November 19, 2002, and the United States Trade Representative's Notice of Further Assignment of Functions of November 25, 2002.

Background

The AGOA, the CBTPA, and the ATPDEA provide for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns and fabrics formed in the United States or a beneficiary country. The AGOA, the CBTPA, and the ATPDEA also provide for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191 (66 FR 7271) and pursuant to Executive Order No. 13277 (67 FR 70305) and the United States Trade Representative's Notice of Redlegation of Authority and Further Assignment of Functions (67 FR 71606), the President

delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the AGOA, the CBTPA, or the ATPDEA. On March 6, 2001, CITA published procedures that it will follow in considering requests (66 FR 13502).

On January 14, 2004, the Chairman of CITA received a petition from Warren Corporation alleging that combed compact yarns, of wool or fine animal hair, classified in subheadings 5107.10, 5107.20, or 5108.20 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requests quota- and duty-free treatment under the AGOA, the CBTPA, and the ATPDEA for apparel articles that are both cut (or knit-to-shape) and sewn in one or more AGOA, CBTPA, or ATPDEA beneficiary countries from such yarns or from U.S.-formed fabrics containing such yarns.

CITA is soliciting public comments regarding this request, particularly with respect to whether this yarn can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other yarns that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for this yarn for purposes of the intended use. Comments must be received no later than **February 10, 2004**. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that this yarn can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the yarn stating that it produces the yarn that is the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230.

Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

BILLING CODE 3510-DR-S

DEPARTMENT OF DEFENSE

Department of the Air Force

Notice of Intent (NOI) To Prepare Environmental Impact Statement (EIS) on the Proposed Military Family Housing Demolition, Construction, Renovation, and Leasing Program, Eglin Air Force Base (AFB) and Hurlburt Field, FL

AGENCY: Air Force Material Command, United States Air Force.

ACTION: Notice of intent.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 CFR parts 1500-1508), and Air Force policy and procedures (32 CFR part 989), the Air Force is issuing this notice to advise the public of its intent to prepare an EIS to assess the potential environmental impacts on a proposal to provide a means to rapidly upgrade housing to current Air Force standards while ensuring that appropriate housing is available and affordable for military personnel assigned to Eglin AFB and Hurlburt Field.

A total of 2,739 existing housing units distributed among thirteen parcels on Eglin AFB and Hurlburt Field would be conveyed to a private contractor along with associated infrastructure and utilities. Selected real estate (land) on which housing units are located would remain in Air Force ownership but would be leased to the private developer for 50 years. The developer will manage and maintain the housing, making it available to military personnel at rates that will not exceed their housing allowance. Of the 2,739 total units proposed for conveyance, there are 138 existing units that meet standards and do not require improvement, two units that would be renovated in place, and 2,594 units that would be demolished.

The Air Force is proposing that a developer construct 2,015 new units, for a net total of 2,155 privatized military family housing units. At least some of

the new units would be located on sites not currently developed for housing. All demolition and construction activities would occur on Air Force property within the Eglin Reservation. The Air Force used a screening process to identify suitable areas for new housing development and identified four such parcels, all located in the south-central portion of Eglin Reservation.

The Air Force has developed five alternatives for accomplishing the proposed action. These alternatives differ only in the location and distribution of the 2,015 new units to be constructed. Under the No Action Alternative the Air Force would continue owning and managing all current 2,739 housing units. The standard military construction process would continue to be used to upgrade housing as needed.

The Air Force will host public scoping meetings in the local area. The exact dates, times, and location(s) will be announced through the local media. Oral and written comments presented at the public meetings, as well as written comments received by the Air Force during this scoping period and throughout the environmental impact analysis process, will be considered in the preparation of the EIS. To ensure the Air Force has sufficient time to consider public input in the preparation of the Draft EIS, written comments from the public should be submitted to the address below by March 23, 2004:

Point of Contact: Please direct any written comments or requests for information to Ms. Julia Cantrell, HQ AFCEE/ISM, 3300 Sydney Brooks Road, Brooks City-Base, TX 78235-5112 (PH:210.536.3515).

Pamela Fitzgerald,

Air Force Federal Register Liaison Officer.

[Docket No. RP04-140-000]

Dominion Cove Point LNG, LP; Notice of Proposed Changes in FERC Gas Tariff

January 16, 2004.

Take notice that on January 13, 2004, Dominion Cove Point LNG, LP (Cove Point) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, First Revised Sheet No. 263, to be effective February 12, 2003.

Cove Point states that the purpose of this filing is to allow Cove Point to render bills to its customers electronically.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or TTY, contact (202) 502-8659. The Commission strongly encourages electronic filings. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the e-Filing link.

Linda Mitry,

Acting Secretary.
