Cash Deposit Requirements

The following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of flanges from India entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act: (1) the cash deposit rates for the reviewed companies will be the rates established in the final results of administrative review; if the rate for a particular company is zero or *de minimis* (i.e., less than 0.50 percent), no cash deposit will be required for that company; (2) for manufacturers or exporters not covered in this review, but covered in the original less-than-fair-value investigation or a previous review, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, a prior review or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the most recent period for that manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous reviews, the cash deposit rate will be 162.14 percent, the "all others" rate established in the LTFV investigation. See *Amended Final Determination*. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Interested Parties

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections

751(a)(1) and 777(i)(1) of the Tariff Act and 19 CFR 351.221(b)(4).

Dated: February 28, 2006.

AGENCY: Import Administration, International Trade Administration, Department of Commerce

EFFECTIVE DATE: March 7, 2006.

FOR FURTHER INFORMATION CONTACT:

Devta Ohri or Andrew McAllister, AD/CVD Operations, Office 1 Import Administration, International Trade Administration, U.S. Department of Commerce, 14 Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3853 or (202) 482-1174, respectively.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department of Commerce ("Department") to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On August 29, 2005, the Department published in the **Federal Register** a notice of initiation of administrative review of the antidumping duty order on individually quick frozen red raspberries from Chile, covering the period July 1, 2004, through June 30, 2005. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part 70 FR 51009 (August 29, 2005)*. The preliminary results for this administration review are currently due no later than April 2, 2006.

Extension of Time Limits for Preliminary Results

The Department requires additional time to review, analyze, and verify the sales and cost information submitted by the parties in this administrative review. Moreover, the Department requires additional time to analyze complex issues related to produce and supplier relationships, issues additional supplemental questionnaires and fully analyze the responses. Thus, it is not practicable to complete this review within the original time limit (i.e., April 2, 2006). Therefore, the Department is extending the time limit for completion of the preliminary results to not later than June 13, 2006, in accordance with section 751(a)(3)(A) of the Act.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 06, 2006.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Low Enriched Uranium from France: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on Low Enriched Uranium (LEU) from France in response to requests by USEC Inc. and the United States Enrichment Corporation (collectively, petitioners) and by Eurodif, S.A. (Eurodif), Compagnie Générale Des Matières Nucléaires (COGEMA) and COGEMA, Inc. (collectively, Eurodif/COGEMA or the respondent). This review covers sales of subject merchandise to the United States during the period February 1, 2004 through January 31, 2005.

We preliminarily determine that U.S. sales have been made below normal value (NV). If these preliminary results are adopted in our final results, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties based on the difference between the constructed export price (CEP) and the NV. Interested parties are invited to
