SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995

(PRA), Public Law 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 10, 2008, FRA published a 60-day notice in the **Federal Register** soliciting comment on this ICR that the agency was seeking OMB approval. 73 FR 12794. FRA received no comments after issuing this notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summary below describes the nature of the information collection requirement (ICR) and the expected burden. The revised requirement is being submitted for clearance by OMB as required by the PRA.

Title: Solicitation of Applications and Notice of Funds Availability for the Capital Assistance to States—Intercity Rail Service Program.

OMB Control Number: 2130-0575.

Type of Request: Extension of a currently approved collection.

Affected Public: 50 States and District of Columbia and Their Partners.

Abstract: On December 16, 2007, President Bush signed Public Law 110-161, The Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2008. As part of this Act, Congress provided \$30 million to FRA to award one or more grants for eligible projects related to capital improvements (fixed facilities and rolling stock) necessary to support improved or new intercity passenger

services, and planning activities that lead to the development of a passenger rail corridor investment plan. Funds provided under this grant program may constitute no more than 50 percent of the total cost of a selected project, with the remaining cost funded from other sources. The funding provided under these grants will be made available to grantees on a reimbursement basis. FRA anticipates awarding grants to multiple eligible participants. FRA may choose to award a grant or grants within the available funds in any amount. Funding made available through grants provided under this program, together with funding from other sources that is committed by a grantee as part of a grant agreement, must be sufficient to complete the funded project and achieve the anticipated improvement to intercity passenger rail service. FRA began accepting grant applications on March 18, 2008. Applications may be submitted until the earlier of Wednesday, September 30, 2009, or the date on which all available funds will have been committed under this program.

Annual Estimated Burden Hours: 12,617.

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC, 20503, Attention: FRA Desk Officer. Comments may also be sent via e-mail to OMB at the following address: oir_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.
