

Airspace and Air Traffic Control Systems; or

(iv) Adversely affecting any other powers and responsibilities of the Administrator prescribed by law or any other program, standard, or requirement established in accordance with law.

Approval is not a determination concerning the acceptability of land uses under Federal, state, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measures covered by the program are eligible for grant-in-aid funding from the FAA. Where Federal funding is sought, requests for project grants must be submitted to the FAA Airports District Office in Anchorage, AK.

ADOT&PF submitted to the FAA on December 19, 2014, the NEM, descriptions, and other documentation produced during the NCP planning study conducted from November 17, 2011 through December 19, 2014. The ANC and LHD NEMs were determined by FAA to be in compliance with applicable requirements on July 27, 2015. Notice of this determination was published in the Federal Register on July 31, 2015.

The ANC and LHD study contains a proposed NCP comprised of actions designed for phased implementation by airport management and adjacent jurisdictions from November 17, 2015 to the year 2020. It was requested that FAA evaluate and approve this material as a NCP as described in Section 47504 of the Act. The FAA began its review of the NCP on July 27, 2015, and was required by provisions of the Act to approve or disapprove the program within 180-days (other than the use of new or modified flight procedures for noise control). Failure to approve or disapprove such program within the 180-day period shall be deemed to be an approval of such program.

The submitted program contained fifteen (15) proposed actions for noise mitigation on and off the airport. The FAA completed its review and determined that the procedural and substantive requirements of the Act and 14 CFR Part 150 have been satisfied. The overall program, therefore, was approved by the FAA effective November 17, 2015.

Outright approval was granted for twelve (12) proposed actions on and/or

off the airport. Two of the proposed measures in the NCP were disapproved for purposes of 14 CFR Part 150 because the measures benefit land uses with noise levels below the 65 DNL. Another measure was disapproved because it is eligible for funding as a terminal improvement per the AIP Handbook. However, these measures could be implemented by the Airport Sponsor on a voluntary basis.

These determinations are set forth in detail in a Record of Approval (ROA) signed by the FAA on November 17, 2015. The Record of Approval, as well as other evaluation materials and the documents comprising the submittal, are available for review at the FAA office listed above and at the administrative office of the ADOT&PF. The Record of Approval also will be available on-line at: http://www.faa.gov/airports/environmental/airport_noise/part_150/states/ak/.

Issued in Anchorage, Alaska on November 17, 2015.

Kristi A. Warden,

Acting Division Manager, Alaskan Region Airports Division.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Operating Requirements: Commuter and On-Demand Operation

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. Title 49 U.S.C., section 44702 authorizes issuance of air carrier operating certificates. 14 CFR part 135 prescribes requirement for Air Carrier/Commercial Operators. The info collected shows compliance and applicant eligibility.

DATES: Written comments should be submitted by January 25, 2016.

ADDRESSES: Send comments to the FAA at the following address: Ronda Thompson, Room 441, Federal Aviation Administration, ASP-110, 950 L'Enfant Plaza SW., Washington, DC 20024.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

FOR FURTHER INFORMATION CONTACT:

Ronda Thompson at (202) 267-1416, or by email at: Ronda.Thompson@faa.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-0039.

Title: Operating Requirements: Commuter and On-Demand Operation.

Form Numbers: There are no forms associated with this collection.

Type of Review: Renewal of an information collection.

Background: Title 49 U.S.C., section 44702 authorizes issuance of air carrier operating certificates. 14 CFR part 135 prescribes requirement for Air Carrier/Commercial Operators. Each operator which seeks to obtain, or is in possession of, an air carrier or FAA operating certificate must comply with the requirements of 14 CFR part 135 in order to maintain data which is used to determine if the carrier is operating in accordance with minimum safety standards. Air carrier and commercial operator certification is completed in accordance with 14 CFR part 119. Part 135 contains operations and maintenance requirements.

Respondents: Approximately 2,426 operators.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: approximately 7.7 minutes.

Estimated Total Annual Burden: 1,154,674 hours.

Issued in Washington, DC, on November 18, 2015.

Ronda Thompson,

FAA Information Collection Clearance Officer, Performance, Policy, and Records Management Branch, ASP-110.
