CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting—September 24, 2009—6:30 pm

In connection with its investigation into the cause of a February 7, 2008, an explosion and fire at the Imperial Sugar refinery northwest of Savannah, Georgia, the Chemical Safety and Hazard Investigation Board announces that it will convene a public meeting on September 24, 2009, starting at 6:30 pm at the Hilton Savannah DeSoto—15 East Liberty Street, Savannah, Georgia.

At the meeting CSB staff will present to the Board the results of their investigation into this incident. Key issues involved in the investigation concern combustible dust hazard recognition, minimizing combustible dust accumulation in the workplace, and equipment design and maintenance. This will be followed by a public comment period prior to a Board vote on the report.

Incident: On February 7, 2008, at about 7:15 p.m., a series of sugar dust explosions at the Imperial Sugar manufacturing facility in Port Wentworth, Georgia, resulted in 14 worker fatalities and 36 injuries. Eight workers died at the scene and six eventually succumbed to their injuries at the Augusta Burn Center. The explosions and subsequent fires destroyed the sugar packing buildings, palletizer room, and silos, and severely

damaged the bulk train car loading area and parts of the sugar refinery.

Following the staff presentation and the conclusion of the public comment period, the Board will consider whether to approve the final report and recommendations. All staff presentations are preliminary and are intended solely to allow the Board to consider in a public forum the issues and factors involved in this case. No factual analyses, conclusions or findings presented by staff should be considered final. Only after the Board has considered the final staff presentation, listened to the witnesses and the public comments and approved the staff report will there be an approved final record of this incident.

The meeting will be open to the public. Please notify CSB if a translator or interpreter is needed, at least 5 business days prior to the public meeting. For more information, please contact the Chemical Safety and Hazard Investigation Board at (202)-261-7600, or visit our Web site at: www.csb.gov.

Christopher W. Warner,

General Counsel.

DEPARTMENT OF COMMERCE

International Trade Administration (A-570-827)

Certain Cased Pencils from the People's Republic of China: Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 13, 2009, the Department of Commerce ("the Department") published the final results of the administrative review of the antidumping duty order on certain cased pencils from the People's Republic of China ("PRC"), covering the period December 1, 2006, through November 30, 2007. *See Certain Cased Pencils from the People's Republic of China: Final Results and Partial Rescission of Antidumping Duty Administrative Review*, 74 FR 33406 (July 13, 2009) ("*Final Results*"). We are amending the *Final Results* to correct ministerial errors in the calculation of the weighted-average margin and the assessment rate applicable to entries by certain respondents to this proceeding, China First Pencil Co., Ltd. ("China First"), Shanghai Three Star Stationery Industry Co., Ltd. ("Three Star"), and

Orient International Holding Shanghai Foreign Trade Corporation ("SFTC") (collectively, "Respondents"), pursuant to section 751(h) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.224(e). We released the final amended results to the parties on Wednesday, August 19, 2009. However, that version inadvertently included an incorrect weighted average margin for SFTC, so this amended final results correct that error. The error was discovered prior to publication in the **Federal Register**; consequently, this amended notice is being published in its place.

EFFECTIVE DATE: September 1, 2009.

FOR FURTHER INFORMATION CONTACT:

David Layton or Alexander Montoro, at (202) 482-0371 or (202) 482-0238, respectively; AD/CD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On July 20, 2009, China First, Three Star and SFTC submitted timely allegations of ministerial errors pursuant to 19 CFR 351.224(c)(1). First, Respondents alleged that the Department did not use the correct conversion percentage for slats. Second, Respondents alleged that the Department did not calculate the surrogate value for slats correctly. Third, Respondents alleged that the Department valued both lacquer and the inputs to make lacquer. Fourth, Respondents alleged that the Department should not have inflated the surrogate value for plastic toppers. Finally, Respondents alleged that the Department should adjust the separate rate assigned to SFTC after correcting for the above-described allegations of ministerial errors. *See Memorandum from David Layton, Alexander Montoro, and Joseph Shuler, International Trade Compliance Analysts, to Susan Kuhbach, Director of AD/CD Operations, Office 1, "Ministerial Error Allegations"* (August 18, 2009) ("*Ministerial Error Allegations Memo*").

On July 28, 2009, the petitioners to this proceeding, Sanford L.P., Musgrave Pencil Company, RoseMoon Inc., and General Pencil Company (collectively, "Petitioners"), submitted a reply to China First's, Three Star's and SFTC's ministerial error allegations. Petitioners argued that the Department must take into account China First's full lumber-to-slat yield loss ratio when calculating China First's slat surrogate value. In
