In order to process the ROW application filed on the above described lands and continue to maintain the status quo, the BLM is segregating the above-described lands for a period of 2 years, subject to valid existing rights. The BLM has determined that this segregation is necessary for the orderly administration of the public lands.

The segregation period will terminate upon the date that is the earliest of the following: (1) The BLM issues a decision granting, granting with modifications, or denying the ROW application for the solar energy generation proposal; (2) Publication of a **Federal Register** notice of termination of the segregation; or (3) Automatically at the end of the segregation period provided for herein, without further administrative action by the BLM. The segregation made under this authority is effective only for a period of up to 2 years, without the possibility of extension.

The BLM will use the NEPA public participation requirements to assist the agency in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470(f)) as provided for in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed Project and CDCA Plan amendment will assist the BLM in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in or affected by the proposed action that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be asked by the BLM to participate in the development of the environmental analysis as a cooperating agency.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The BLM will evaluate identified issues to be addressed in the plan amendment, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the Scoping Report or the Draft EIS/EIR as to why an issue was placed in category two or three. The public is also encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

Authority: 40 CFR 1501.7, 43 CFR 1610.2, 43 CFR 2091.3–1(e), and 43 CFR 2804.25(e).
