Accordingly, the agency is amending the regulations in 21 CFR 558.58, 558.76, 558.78, 558.95, 558.120, 558.128, 558.140, 558.145, 558.155, 558.195, 558.305, 558.311, 558.340, 558.355, 558.363, 558.366, 558.515, 558.550, 558.575, 558.582, and 558.600 to reflect the transfer of ownership. Section 558.95 is also being amended to remove paragraph (d)(1)(x), an entry pertaining to NADA 112-687, which is redundant with § 558.311(e)(1)(ii). Other nonsubstantive changes are being made to remove incorrect drug labeler codes.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.

DEPARTMENT OF DEFENSE**Office of the Secretary****32 CFR Part 231**

RIN 0790-AG74

Procedures Governing Banks, Credit Unions and Other Financial Institutions on DoD Installations

AGENCY: Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule reflects the transition of operational responsibilities for banks and credit unions from the Office of the Under Secretary of Defense (Comptroller) to the Defense Finance and Accounting Service; to address changes in financial-related technology and the vehicles through which financial services are delivered (i.e., in-store banking, electronic banking (ATMs)); and incorporates the

procedural guidance contained in other DoD documents.

DATES: This rule is effective June 1, 2001.

FOR FURTHER INFORMATION CONTACT: T. Summers, 703-602-0299.

SUPPLEMENTARY INFORMATION:**Background**

Stateside military banking began in 1941 when the Department realized that financial services were urgently needed by military and civilian personnel on domestic installations. To address this need, the Department permitted installation commanders to negotiate with nearby local banks to establish branches on their installation. Today, there are over 230 domestic installations that have either a bank or credit union or both. To ensure consistency between installations in the level, cost and types of financial services offered the Department established regulations in parts 230 and 231 to govern the operation and oversight of these institutions. These regulations limit the number of financial institutions that may operate on an installation to one bank and one credit union (with a grandfather provision). The regulations require full and open competition for a full spectrum of banking services (to include electronic banking services). Policy guidance relating to the military banking program, by regulation, is the responsibility of the Under Secretary of Defense (Comptroller) while operational guidance rests with the Defense Finance and Accounting Service (DFAS). To ensure financial services are available on our overseas installations, the Department operates the overseas military banking program. The DFAS has been assigned the program office responsibilities for this effort, which is provided under contract by a domestic financial institution. In FY 2000, the overseas military banking program contractor operated 110 banking offices and over 250 automated teller machines in 10 foreign countries. Overseas military banks support DoD personnel and their families, disbursing officers, appropriated fund activities (such as the Defense Commissary Agency) and nonappropriated fund activities (such as the Army and Air Force Exchange Service).

Comments, and Changes to, the Proposed Rule

The Department of Defense published a proposed rule on August 11, 1999 (64 FR 43858). Over 240 comments from 55 entities were received in response to the publication of the proposed rule. The majority of these comments focused on

three areas in the proposed rule: (1) Prohibiting the assessment of automated teller machine (ATM) surcharging; (2) the establishment of a ceiling for other fees and charges; and (3) monthly financial reporting. The first two were addressed in 32 CFR part 230. The comments and the disposition of those comments on monthly financial reporting are specifically addressed below. The remainder of the comments were either administrative in nature or suggested that additional clarification was needed in certain areas. None of these resulted in any significant changes to the proposed rule.

The previously published proposed rule (§ 231.4(g)(5)) would have required that the on-base financial institution include in its operating agreement with the installation commander a provision that it will furnish copies of its monthly financial reports and other local publications to the installation commander (or designee). Prior to the consolidation of the guidance for banks and credit unions, the provision for monthly reporting was only included in the credit union guidance with periodic financial reporting required for banks only in certain situations. Therefore, most of the comments received were objections from on-base banks. The comments reflected that the banking industry is highly regulated and quarterly reports are generated as required by Federal and State regulators. Thus, they did not see a need to require the monthly production of information that is neither requested nor needed. It was suggested that when additional information is needed, it would be more appropriate for it to be provided on an “as requested” basis. There may be occasions where the installation commander will need financial information that is unobtainable from sources other than the on-base financial institution. For example, there may be a need for financial information by the installation commander to accommodate an evaluation of a potential expansion of existing on-base financial services or information may be required to assist in the development of a solicitation when the on-base financial institution has given notice of its intent to terminate operations on the installation. Based on the comments received, the section has been revised to require an on-base financial institution furnish copies of its financial reports and other local publications only on an “as needed” basis in response to a formal request from the installation commander (or designee).
