Federal Aviation Administration

Notice of Intent To Rule on Application To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Inyokern Airport, Inyokern, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent of rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Inyokern Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Public Law 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR part 158).

DATES: Comments must be received on or before January 23, 2004.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate to the FAA at the following address: Federal Aviation Administration, Airports Division, 15000 Aviation Blvd., Room 3024, Lawndale, CA 90261. In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Ms. Nancy Bass, General Manager, Inyokern Airport at the following address: P.O. Box 634, Inyokern, CA 93527. Air carriers and foreign air carriers may submit copies of written comments previously provided to the Indian Wells Valley Airport District under section 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT: Mr. David Delshad, Airports Program Engineer, Standards Section, Airports Division, 15000 Aviation Blvd., Room 3024, Lawndale, CA 90261. Telephone: (310) 725-3627. The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Inyokern Airport under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Public Law 101-508) and Part 158 of the Federal Aviation Regulations (14 CFR part 158).

On November 19, 2003, the FAA determined that the application to impose and use the revenue from a PFC submitted by the Indian Wells Valley Airport District was substantially complete within the requirements of section 158.25 of Part 158. The FAA will approve or disapprove the application, in whole or in part, no later than February 25, 2004.

The following is a brief overview of the impose and use application No. 04-04-C-00-IYK:

Level of proposed PFC: \$3.00.

Proposed charge effective date: March 1, 2004.

Proposed charge expiration date: September 1, 2004.

Total estimated PFC revenue: \$36,183.

Brief Description of the proposed project: Install access gates.

Class or classes of air carriers which the public agency has requested not be required to collect PFCs: Pacific States Aviation and other small certificated air taxi carriers not providing scheduled service to Inyokern Airport.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon request, inspect the application, notice and other documents

germane to the application in person at Inyokern Airport Administration office.

Issued in Lawndale, California, on November 19, 2003.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Cities of Chesapeake and Virginia Beach, VA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The Federal Highway Administration (FHWA) is issuing this notice to advise the public of its intent to prepare an Environmental Impact Statement in cooperation with the Virginia Department of Transportation (VDOT) for the proposed Southeastern Parkway and Greenbelt.

FOR FURTHER INFORMATION CONTACT:

Kenneth R. Myers, Planning & Environmental Program Manager, Federal Highway Administration, PO Box 10249, Richmond, Virginia 23240-0249. Telephone: (804) 775-3353.

SUPPLEMENTARY INFORMATION: The Federal Highway Administration (FHWA), in cooperation with the Virginia Department of Transportation (VDOT), will prepare an Environmental Impact Statement (EIS) for the Southeastern Parkway and Greenbelt. The study area begins in central Chesapeake and extends to north central Virginia Beach. The study window is roughly defined by the Battlefield Boulevard/Great Bridge Bypass in Chesapeake to the west; the Albemarle and Chesapeake Canal in Chesapeake and North Landing Road in Virginia

Beach to the south; Volvo Parkway in Chesapeake and Lynnhaven Parkway and Laskin Road in Virginia Beach to the north; and Bird Neck Road in Virginia Beach to the east.

The EIS will examine a range of alternatives consisting of a no-build alternative as well as transportation system management strategies, mass transit, improvements to existing facilities, and new alignment facilities. Initial studies for this project began in 1987, with a Draft EIS issued in September 1989 followed by a Supplemental Draft EIS in September 1994. Subsequently, VDOT recommended, and Virginia's Commonwealth Transportation Board endorsed, a preferred alternative. However, work was suspended prior to the completion of a Final EIS. Because of the lapse of time since the circulation of the previous drafts, the study is being reinitiated with a new Draft EIS. Previous studies will be used to the extent practical and will be updated to reflect changes in the project area. The final selection of an alternative will not be made until the alternatives' impacts and comments on the draft EIS and from the public hearing have been fully evaluated.

The scoping process is currently underway. Scoping letters describing the proposed study and soliciting input are being sent to the appropriate Federal, State and local agencies who have expressed or are known to have an interest or legal role in this proposal. A Citizen's Information Meeting will be held to enable organizations, citizens, and interest groups to provide input into the development of the EIS and identify issues that should be addressed. No formal scoping meeting is planned at this time.

A Public Hearing will be held upon completion of the Draft EIS. Notices of the Public Hearing will be given through various forums, providing the time and place of the meeting along with other relevant information. The Draft EIS will be available for public and agency review and comment prior to the Public Hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Jefferson and Park Counties, CO

AGENCY: Federal Highway Administration (FHWA) and Department of Transportation (DOT).

ACTION: Notice to amend notice of intent.

SUMMARY: FHWA is issuing this notice to advise the public that an environmental assessment will be prepared for transportation improvements on US 285 in the Counties of Jefferson and Park, Colorado, rather than an environmental impact statement.

FOR FURTHER INFORMATION CONTACT:

Scott Sands, Operations Engineer, FHWA, Colorado Division, 555 Zang Street, Room 250, Lakewood, CO, 80228, Telephone: (303) 969-6730 extension 362. Kamallesh (Kim) Patel, Project Manager, CDOT Region 1, 18500 East Colfax Avenue, Aurora, CO, 80011, Telephone: (303) 365-7373.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Colorado Department of Transportation (CDOT), has begun the National Environmental Policy Act (NEPA) for transportation improvements along US 285 between Conifer and Bailey, Colorado. Scoping has been completed, alternatives have been developed and evaluated and environmental impact analysis has been done.

As a result of these NEPA studies, FHWA and CDOT have determined that this project will not result in a significant impact to the environment, thus an environmental impact statement will not be prepared.

Analysis of the following areas was conducted to reach this determination: Land use and zoning; social; economic; right-of-way; air quality; noise; water resources and quality; wetlands; floodplains; wild and scenic rivers; vegetation and wildlife; threatened, endangered and sensitive species; visual quality; historic preservation; hazardous waste; utilities; parks and recreation resources; farmland; relationship between local short-term uses of the environment and the maintenance and

enhancement of long-term productivity; irreversible and irretrievable commitments of resources; and cumulative impacts.

Comments or questions concerning this proposed action and the environmental assessment should be directed to the FHWA or the Colorado Department of Transportation at the addresses provided above.
