SUPPLEMENTARY INFORMATION:

Title: Mink Survey.
OMB Control Number: 0535-0212.
Expiration Date of Approval: January 31, 2016.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, prices, and disposition. The Mink Survey collects data on the number of mink pelts produced, the number of females bred, and the number of mink farms. Mink estimates are used by the federal government to calculate total value of sales and total cash receipts, by State governments to administer fur farm programs and health regulations, and by universities in research projects. The current expiration date for this docket is January 31, 2016. NASS intends to request that the Mink Survey be approved for another 3 years.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501, *et seq.*), and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33362.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 10 minutes per

response. NASS plans to mail out publicity materials with the questionnaires to inform producers of the importance of this survey. NASS will also use multiple mailings, followed up with phone and personal enumeration to increase response rates and to minimize data collection costs.

Respondents: Farmers and ranchers.
Estimated Number of Respondents: 350.

Estimated Total Annual Burden on Respondents: 90 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, May 5, 2015.

Reporting for Calendar Year 2014 on Offsets Agreements Related to Sales of Defense Articles or Defense Services to Foreign Countries or Foreign Firms

AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Notice; annual reporting requirements.

SUMMARY: This notice is to remind the public that U.S. firms are required to

report annually to the Department of Commerce (Commerce) information on contracts for the sale of defense articles or defense services to foreign countries or foreign firms that are subject to offsets agreements exceeding \$5,000,000 in value. U.S. firms are also required to report annually to Commerce information on offsets transactions completed in performance of existing offsets commitments for which offsets credit of \$250,000 or more has been claimed from the foreign representative. This year, such reports must include relevant information from calendar year 2014 and must be submitted to Commerce no later than June 15, 2015.

ADDRESSES: Reports should be addressed to "Offsets Program Manager, U.S. Department of Commerce, Office of Strategic Industries and Economic Security, Bureau of Industry and Security (BIS), Room 3878, Washington, DC 20230."

FOR FURTHER INFORMATION CONTACT: Ronald DeMarines, Office of Strategic Industries and Economic Security, Bureau of Industry and Security, U.S. Department of Commerce, telephone: 202-482-3755; fax: 202-482-5650; email: ronald.demarines@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

Section 723(a)(1) of the Defense Production Act of 1950, as amended (DPA) (50 U.S.C. app. 2172 (2009)), requires the President to submit an annual report to Congress on the impact of offsets on the U.S. defense industrial base. Section 723(a)(2) directs the Secretary of Commerce (Secretary) to prepare the President's report and to develop and administer the regulations necessary to collect offsets data from U.S. defense exporters.

The authorities of the Secretary regarding offsets have been delegated to the Under Secretary of Commerce for Industry and Security. The regulations associated with offsets reporting are set forth in part 701 of title 15 of the Code of Federal Regulations. Offsets are compensation practices required as a condition of purchase in either government-to-government or commercial sales of defense articles and/or defense services, as defined by the Arms Export Control Act and the International Traffic in Arms Regulations. For example, a company that is selling a fleet of military aircraft to a foreign government may agree to offset the cost of the aircraft by providing training assistance to plant managers in the purchasing country. Although this distorts the true price of the aircraft, the foreign government may

require this sort of extra compensation as a condition of awarding the contract to purchase the aircraft. As described in the regulations, U.S. firms are required to report information on contracts for the sale of defense articles or defense services to foreign countries or foreign firms that are subject to offsets agreements exceeding \$5,000,000 in value. U.S. firms are also required to report annually information on offsets transactions completed in performance of existing offsets commitments for which offsets credit of \$250,000 or more has been claimed from the foreign representative.

Commerce's annual report to Congress includes an aggregated summary of the data reported by industry in accordance with the offsets regulations and the DPA (50 U.S.C. app. 2172 (2009)). As provided by section 723(c) of the DPA, BIS will not publicly disclose individual firm information it receives through offsets reporting unless the firm furnishing the information specifically authorizes public disclosure. The information collected is sorted and organized into an aggregate report of national offsets data, and therefore does not identify company-specific information.

In order to enable BIS to prepare the next annual offset report reflecting calendar year 2014 data, U.S. firms must submit required information on offsets agreements and offsets transactions from calendar year 2014 to BIS no later than June 15, 2015.

Dated: May 18, 2015.

Kevin J. Wolf,

Assistant Secretary for Export Administration.
