Policy Justification

Israel—AIM-9X Sidewinder Missiles

The Government of Israel has requested a possible sale of up to 600 AIM-9X-2 Sidewinder Block II All-Up-Round Missiles, 50 CATM-9X-2 Captive Air Training Missiles, 4 Dummy Air Training Missiles, containers, missile support and test equipment, provisioning, spare and repair parts, personnel training and training equipment, publications and technical documentation, U.S. Government and contractor technical support services, and other related logistics and program support. The estimated cost is \$544 million.

The United States is committed to the security of Israel, and it is vital to U.S. national interests to assist Israel in developing and maintaining a strong and ready self-defense capability. This proposed sale is consistent with those objectives and will enable the IDF to achieve those goals.

The Israeli Air Force is modernizing its fighter aircraft to better support its own air defense needs. The proposed sale of AIM-9X-2 missiles will improve the capability of the Israeli Air Force, enhance Israeli interoperability with the U.S., and help maintain regional peace and security. Israel will have no difficulty absorbing these missiles into its armed forces.

The proposed sale of these missiles will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missile Systems Company in Tucson, Arizona. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require travel of U.S. Government or contractor representatives to Israel on a temporary basis for program technical support and management oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 14-31

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) Of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AIM-9X-2 Block II SIDEWINDER Missile represents a substantial increase in missile acquisition and kinematics performance over the AIM-9M and replaces the AIM-9X Block I Missile configuration. The missile includes a high off-bore sight seeker, enhanced countermeasure

rejection capability, low drag/high angle of attack airframe and the ability to integrate the Helmet Mounted Cueing System. The software algorithms are the most sensitive portion of the AIM-9X-2 missile. A Software Improvement Program (SIP) provides for Software updates. No software source code or algorithms will be released. The missile is classified as Confidential.

2. The AIM-9X-2 will result in the transfer of sensitive technology and information. The equipment, hardware, and documentation are classified Confidential. The software and operational performance are classified Secret. The seeker/guidance control section and the target detector are Confidential and contain sensitive state-of-the-art technology. Manuals and technical documentation that are necessary or support operational use and organizational management are classified up to Secret. Performance and operating logic of the counter-countermeasures circuits are classified Secret. The hardware, software, and data identified are classified to protect vulnerabilities, design and performance parameters and similar critical information.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar advanced capabilities.

4. A determination has been made that the recipient government can provide substantially the same degree of protection for the technology being released as the U.S. Government. Support of the AIM-9X-2 Sidewinder Missile to the Government of Israel is necessary in the furtherance of U.S. foreign policy and national security objectives.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Israel.

Office of the Secretary

Renewal of Department of Defense Federal Advisory Committees

AGENCY: DoD.

ACTION: Renewal of Federal Advisory Committee.

SUMMARY: The Department of Defense (DoD) is publishing this notice to

announce that it is renewing the charter for the Army Education Advisory Committee ("the Committee").

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: This committee's charter is being renewed under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C. Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b) ("the Sunshine Act"), and 41 CFR 102-3.50(d).

The Committee is a discretionary Federal advisory committee that shall provide independent advice and recommendations to the Secretary of Defense or the Deputy Secretary of Defense, through the Secretary of the Army and the Chief of Staff of the U.S. Army, on matters relating to U.S. Army educational matters. Specifically, the Committee will focus on matters pertaining to the educational, doctrinal, and research policies and activities of the U.S. Army's educational programs, to include the U.S. Army's joint professional military education programs.

The Committee will assess and provide independent advice and recommendations across the spectrum of educational policies, school curricula, educational philosophy and objectives, program effectiveness, facilities, staff and faculty, instructional methods, and other aspects of the organization and management of these programs. In addition, the Committee shall provide independent advice and recommendations on matters pertaining to the Army Historical Program and the roles and missions of the U.S. Army Center of Military History, particularly as they pertain to the study and use of military history in Army schools.

The Department of Defense (DoD), through the Department of the Army and United States Army Training and Doctrine Command (TRADOC), shall provide support, as deemed necessary, for the performance of the Committee's functions, and shall ensure compliance with the requirements of the FACA, the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended) ("the Sunshine Act"), governing Federal statutes and regulations, and established DoD policies and procedures.

The Committee shall be composed of not more than 15 members. The membership shall include not more than 13 individuals who are eminent authorities in the fields of defense, management, leadership, and academia, including those who are deemed to be
