Public Notice For Waiver of Aeronautical Land-Use Assurance; Indianapolis International Airport, Indianapolis, IN

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to change a portion of the airport from aeronautical use to non-aeronautical use and to authorize the release of 75.46 acres of airport property for non-aeronautical development. The land consists of portions of 11 original airport acquired parcels. These parcels were acquired under grants: 6-18-0038-10 and 6-18-0038-14 or without federal participation. The land is currently vacant. The future use of the property is for non-aviation development.

There are no impacts to the airport by allowing the Indianapolis Airport Authority to dispose of the property.

The land is not needed for aeronautical use. Approval does not constitute a commitment by the FAA to financially assist in the sale or lease of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the

**Environmental Impact Statement:
Walton and Bay Counties, Florida**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an

Environmental Impact Statement (EIS) will be prepared for a proposed highway project in Walton and Bay Counties, Florida.

FOR FURTHER INFORMATION CONTACT: Ms. Cathy Kendall, Environmental Specialist, Federal Highway Administration, 545 John Knox Road, Suite 200, Tallahassee, FL, 32303, Telephone (850) 553-2225

SUPPLEMENTARY INFORMATION: The FHWA, in partnership with the Florida Department of Transportation (FDOT) will prepare an EIS for a proposal to develop a new alignment extension of CR 388 from SR 79 in Bay County, FL westward to SR 30 (US 98) in Walton County, FL. The FDOT refers to this project as West Bay Parkway, Segment 1. This proposed Segment 1 project would extend CR 388 to the west from its current western terminus at SR 79 and provide a new four-lane divided highway and potentially a new high level bridge across the Intracoastal Waterway (ICWW). Depending on the alternative selected, the project is approximately 9 to 12 miles in length.

Alternatives under consideration include (1) Taking no action; (2) widening SR 30 (US 98) to a six or eight lane divided roadway; (3) alternate corridors.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have expressed interest in this proposal.

A series of public meetings in Santa Rosa Beach in Walton County, and Panama City Beach in Bay County began in April 2010 and will continue to be held through December 2012. In addition a public hearing will be held. Public notice will be given for the time and place of the meetings and hearing. The Draft EIS will be made available for public and agency review and comment. Additional project information can be found at the following web address: <http://www.westbayparkway.com>.

To ensure that the full range of issues related to the proposed action is addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or question concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.
