SUPPLEMENTARY INFORMATION:

I. Background

The Office of Worker's Compensation Programs (OWCP) administers the Federal Employees' Compensation Act (FECA), which provides for continuation of pay or compensation for work related injuries or disease from federal employment. 5 U.S.C. 8149, Congress gives the Secretary of Labor authority to prescribe the rules and regulations necessary for the administration and enforcement of the FECA.

The relevant statutory provision allowing for an individual to make a claim for compensation benefits is found at 5 U.S.C. 8102, Compensation for disability or death of employee, and reads as follows:

(a) The United States shall pay compensation as specified by this subchapter for the disability or death of an employee resulting from personal injury sustained while in the performance of his duty, unless the injury or death is—

(1) caused by willful misconduct of the employee;

(2) caused by the employee's intention to bring about the injury or death of himself or of another; or

(3) proximately caused by the intoxication of the injured employee.

(b) Disability or death from a war-risk hazard or during or as a result of capture, detention, or other restraint by a hostile force or individual, suffered by an employee who is employed outside the continental United States or in Alaska or in the areas and installations in the Republic of Panama made available to the United States pursuant to the Panama Canal Treaty of 1977 and related agreements (as described in section 3(a) of the Panama Canal Act of 1979), is deemed to have resulted from personal injury sustained while in the performance of his duty, whether or not the employee was engaged in the course of employment when the disability or disability resulting in death occurred or when he was taken by the hostile force or individual. This subsection does not apply to an individual—

(1) whose residence is at or in the vicinity of the place of his employment and who was not living there solely because of the exigencies of his employment, unless he was injured or taken while engaged in the course of his employment; or

(2) who is a prisoner of war or a protected individual under the Geneva Conventions of 1949 and is detained or utilized by the United States.

The relevant statutory provision 5 U.S.C. 8103, Medical services and initial medical and other benefits, which reads as follows:

(a) The United States shall furnish to an employee who is injured while in the performance of duty, the services, appliances, and supplies prescribed or recommended by a qualified physician, which the Secretary of Labor considers likely to cure, give relief, reduce the degree or the period of disability, or aid in lessening the amount of the monthly compensation. These services, appliances, and supplies shall be furnished—

(1) whether or not disability has arisen;

(2) notwithstanding that the employee has accepted or is entitled to receive benefits under subchapter III of chapter 83 of this title or another retirement system for employees of the Government; and

(3) by or on the order of United States medical officers and hospitals, or, at the employee's option, by or on the order of physicians and hospitals designated or approved by the Secretary. The employee may initially select a

physician to provide medical services, appliances, and supplies, in accordance with such regulations and instructions as the Secretary considers necessary, and may be furnished necessary and reasonable transportation and expenses incident to the securing of such services, appliances, and supplies. These expenses, when authorized or approved by the Secretary, shall be paid from the Employees' Compensation Fund.

(b) The Secretary, under such limitations or conditions as he considers necessary, may authorize the employing agencies to provide for the initial furnishing of medical and other benefits under this section. The Secretary may certify vouchers for these expenses out of the Employees' Compensation Fund when the immediate superior of the employee certifies that the expense was incurred in respect to an injury which was accepted by the employing agency as probably compensable under this subchapter. The Secretary shall prescribe the form and content of the certificate.
