

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. You must also submit an interim progress report twelve months after the award date. This report should provide the most current performance and financial expenditure information, including baseline data.

4. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness of the Grants for the Integration of Schools and Mental Health Systems program:

a. The percentage of schools served by the grant that have comprehensive, detailed linkage protocols in place; and
b. The percentage of school personnel served by the grant who are trained to make appropriate referrals to mental health services.

These two measures constitute the Department's measures of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these two measures in conceptualizing the approach and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these measures. The Secretary will also use this information to respond to the evaluation requirements concerning this program established in Section 5541(f) of the ESEA. For specific requirements on grantee reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.
