BILLING CODE 3510-DS-S

CONSUMER PRODUCT SAFETY COMMISSION

Petition Requesting Ban of All-Terrain Vehicles Sold for Use by Children Under 16 Years Old; Extension of Comment Period

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of extension of comment period.

SUMMARY: The Commission is extending its comment period to receive information concerning a petition asking the Commission to ban the sale of adult-size four wheel all-terrain vehicles (ATVs) sold for the use of children under 16 years of age. Seven manufacturers and distributors of ATVs requested a 60-day extension of the comment period. The Commission has decided to extend the comment period

90 days after the original comment period of December 17, 2002, in order to allow sufficient time for comments related to an ATV study that the Commission staff is currently preparing.

DATES: The Office of the Secretary should receive comments on the petition by March 16, 2003.

ADDRESSES: Comments, preferably in five copies, on the petition should be mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, telephone (301) 504-0800, or delivered to the Office of the Secretary, Room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Comments may also be filed by telefacsimile to (301) 504-0127 or by e-mail to cpssc-os@cpssc.gov. Comments should be captioned "Petition CP 02-4/HP 02-1, Petition on ATVs." A copy of the petition is available for inspection at the Commission's Public Reading Room, Room 419, 4330 East-West Highway, Bethesda, Maryland.

FOR FURTHER INFORMATION CONTACT: For information about submitting comments call or write to Rockelle Hammond, Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207; telephone (301) 504-0800, ext. 1232.

SUPPLEMENTARY INFORMATION: On October 18, 2002, the Commission published a notice announcing that it has docketed a petition asking that the Commission ban adult-size ATVs sold for the use of children under age 16 and requesting comments on the petition. 67 FR 64353. The petitioners assert that ATVs pose an unreasonable risk of injury and death to children, particularly to children under age 16 who ride adult-size ATVs. The October 18 **Federal Register** notice provided for a 60-day comment period to end December 17, 2002. The Commission has received requests to extend the comment period from American Honda Motor Co., Inc., Arctic Cat, Inc., Bombardier Motor Corporation of America, Kawasaki Motors Corp., U.S.A., Polaris Industries Inc., American Suzuki Motor Corporation, and Yamaha Motor Corporation, U.S.A. These companies, all manufacturers and distributors of ATVs, noted that the Commission staff is preparing a study of ATV-related injuries. The companies requested a 60-day extension of the comment period to allow comment on issues that the study may raise that are relevant to the petition. After considering these requests, the Commission has decided to extend the comment period 90 days after the original comment period of December 17, 2002 to March 16, 2003. Because the

study has not yet been released, the Commission was concerned that a 60-day extension may not be adequate to allow interested members of the public sufficient time to review the study and comment on any issues related to the petition.

Dated: December 20, 2002.

Todd Stevenson,

Secretary.

DEPARTMENT OF DEFENSE

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0154]

Federal Acquisition Regulation; Submission for OMB Review; Davis-Bacon Act—Price Adjustment (Actual Method)

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comments regarding an extension to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Davis-Bacon Act price adjustment (actual method). A request for public comments was published in the **Federal Register** at 67 FR 66617 on November 1, 2002. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.
