Title of Collection: Fast Response Survey System (FRSS) 107: Programs and Services for High School English Learners 2015.

OMB Control Number: 1850–0733.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: School Districts (local government).

Total Estimated Number of Annual Responses: 1,700.

Total Estimated Number of Annual Burden Hours: 4,520.

Abstract: The Fast Response Survey System (FRSS) and the Postsecondary

Education Quick Information System (PEQIS) collect issue-oriented data quickly and with minimum response burden outside of NCES' large recurring surveys. Both systems were designed to collect and report data on key education issues at the elementary and secondary levels, and to meet the data needs of Department of Education analysts, planners, and decision-makers when information cannot be collected quickly through NCES's large recurring surveys. The purpose of the FRSS 107 survey is to collect, beginning in September 2015, the first nationally representative data from school districts on programs and services designed to serve high school English Learners (ELs). Topics include instructional programs/approaches provided for high school ELs, the presence and characteristics of newcomer programs, use of online or computer-based programs to address the needs of English learners, participation of high school ELs in various district programs and services (e.g., summer school, tutoring, career and technical training), presence of programs or services designed specifically for ELs in high school, materials and services that the district has available in native languages for high school ELs and their parents/guardians, use of native language for content instruction and for instructional support, information about types of educational programs or services that the district provides to ELs ages 18 to 21 seeking to newly enroll in the district, and the extent to which the district considers various factors (e.g., English proficiency level, literacy in native language) when providing information about educational programs or services available to ELs ages 18 to 21 who are seeking to newly enroll in the district.

Dated: July 1, 2015.
