

30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that Tesla no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after Tesla notified them that the subject noncompliance existed.

Authority: 49 U.S.C. 30118, 30120; delegations of authority at 49 CFR 1.95 and 501.8.

Otto G. Matheke III,
Director, Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2020-0006]

Pipeline Safety: Request for Special Permit; Tennessee Gas Pipeline, L.L.C.

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA); DOT.

ACTION: Notice.

SUMMARY: PHMSA is publishing this notice to solicit public comments on a request for special permit received from the Tennessee Gas Pipeline, L.L.C. (TGP). The special permit request is seeking relief from compliance with certain requirements in the Federal pipeline safety regulations. At the conclusion of the 30-day comment period, PHMSA will review the comments received from this notice as part of its evaluation to grant or deny the special permit request.

DATES: Submit any comments regarding this special permit request by February 18, 2021.

ADDRESSES: Comments should reference the docket number for this specific special permit request and may be submitted in the following ways:

- *E-Gov Website:* <http://www.Regulations.gov>. This site allows the public to enter comments on any

Federal Register notice issued by any agency.

- *Fax:* 1-202-493-2251.
- *Mail:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- *Hand Delivery:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

Instructions: You should identify the docket number for the special permit request you are commenting on at the beginning of your comments. If you submit your comments by mail, please submit two (2) copies. To receive confirmation that PHMSA has received your comments, please include a self-addressed stamped postcard. Internet users may submit comments at <http://www.Regulations.gov>.

Note: There is a privacy statement published on <http://www.Regulations.gov>. Comments, including any personal information provided, are posted without changes or edits to <http://www.Regulations.gov>.

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) § 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA—

PHP-80, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

FOR FURTHER INFORMATION CONTACT:

General: Ms. Kay McIver by telephone at 202-366-0113, or by email at kay.mciver@dot.gov.

Technical: Mr. Steve Nanney by telephone at 713-272-2855, or by email at steve.nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA received a special permit request from TGP seeking a waiver from the requirements of 49 CFR 192.611(a) and (d): Change in class location: Confirmation or revision of maximum allowable operating pressure, and § 192.619(a): Maximum allowable operating pressure: Steel or plastic pipelines. This special permit is being requested in lieu of pipe replacement or pressure reduction for six (6) special permit segments of 16,116 feet (3.052 miles) on the TGP pipeline system. The proposed special permit segments are located in Harris County, Texas, Ouachita Parish, Louisiana, and Robertson County, Tennessee. The TGP pipeline class location in the special permit segments has changed from a Class 1 or Class 2 to a Class 3 location. The TGP pipeline special permit segments are 24-inch, 26-inch, and 30-inch diameter pipelines with an existing maximum allowable operating pressure of 750 pounds per square inch gauge. The installation of the special permit segments occurred in 1966 and 1989.

The special permit request, proposed special permit with conditions, and Draft Environmental Assessment (DEA) for the TGP pipeline are available for review and public comment in Docket No. PHMSA-2020-0006. We invite interested persons to review and submit comments on the special permit request and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF TRANSPORTATION

[Docket Number: DOT-OST-2020-0254]

Extension of the Comment Deadline Date; Request for Information for the Inclusive Design Reference Hub

AGENCY: Office of the Secretary of Transportation (OST), Department of Transportation.

ACTION: Notice; request for information (RFI).

SUMMARY: On December 21, 2020, DOT published in the **Federal Register** a request for information (RFI) regarding an Inclusive Design Reference Hub. This notice extends the deadline date for receiving comments until February 19, 2021 at 5:00 p.m. (ET).

DATES: Responses to the RFI must be received by February 19, 2021, no later than 5:00 p.m. (ET) to ensure consideration of your views.

ADDRESSES: Written comments may be submitted using any one of the following methods:

- **Electronic mail:** Email comments to inclusivedesign@dot.gov with a courtesy copy to Robin.Gates@dot.gov. Responses must be provided as attachments to an email. It is recommended that attachments with file sizes exceeding 25MB be compressed (*i.e.*, zipped) to ensure message delivery. Responses must be provided as a Microsoft Word (.docx) attachment to the email, and be no more than 5 pages in length, with 12-point font and 1-inch margins.

- **Internet:** To submit comments electronically, go to the Federal regulations website at <http://www.regulations.gov>. Search by using the docket number (DOT-OST-2020-0254). Follow the online instructions for submitting comments.

Respondents may answer as many or as few questions (see the questions below) as they wish.

DOT will not respond to individual submissions or publish publicly a compendium of responses. A response to this RFI will not be viewed as a binding commitment to develop or pursue the project or ideas discussed.

Respondents are requested to provide the following information at the beginning of their response to this RFI:

- Company/institution name
- Company/institution contact

- Contact's address, phone number, and email address

Proprietary Information

Because information received in response to this RFI may be used to structure future programs and/or otherwise be made available to the public, respondents are strongly advised to NOT include any information in their responses that might be considered business sensitive, proprietary, or otherwise confidential. However, respondents may choose to include such information in their submissions if they believe it will significantly assist DOT in the design of the program.

Responses containing confidential, proprietary, or privileged information must be conspicuously marked as described below. Failure to comply with these marking requirements may result in the disclosure of the unmarked information under the Freedom of Information Act, 5 U.S.C. 552.

If a response contains trade secrets or confidential commercial or financial information, the respondent must include a cover sheet identifying the specific pages containing that information. The cover sheet must also provide evidence that the respondent actually or customarily treats the information as private.

In addition, the respondent must (1) mark the header and footer of every page that contains trade secrets or confidential commercial or financial information with "Contains Confidential Information Exempt from Public Disclosure" and (2) identify every line and paragraph containing such information with double brackets or highlighting.

FOR FURTHER INFORMATION CONTACT: The monitored inbox at inclusivedesign@dot.gov. You may also contact the Contracting Officer, Robin Gates, at Robin.Gates@dot.gov or (202) 366-1408.

Please reference "RFI for Inclusive Design Reference Hub" in the subject line when submitting your response.

DOT looks forward to your submission in response to this notice.

SUPPLEMENTARY INFORMATION:

Summary

On December 21, 2020, DOT published in the **Federal Register** (85 FR 83152) a request for information (RFI) regarding an Inclusive Design Reference Hub. This notice extends the deadline date for receiving comments until February 19, 2021 at 5:00 p.m. (ET). *Note:* All other information in the December 21, 2020 **Federal Register** Notice (85 FR 83152) remain the same, and is included below for easy reference.

In July 2020, as part of an event celebrating the 30th anniversary of the Americans with Disabilities Act, DOT committed to undertake a new initiative to establish a library of resources for accessibility in automation, and work with outside experts to study voluntary best practices for ensuring accessibility in automated vehicles. DOT invites stakeholders to provide input on critical first steps in this process, the qualifications of entities that are best suited to perform this work, and considerations to ensure long-term sustainability of this initiative. This notice is not a Solicitation, and it does not seek the submission of formal, binding quotations/proposals. In the event OST-P determines that services will be procured, a formal Request for Quote/Proposal will be issued. OST-P cannot and will not reimburse any organization for its time, effort, or costs expended in responding to this RFI.

The purpose of this RFI is to collect input on a proposed initiative to establish and curate a *library* of existing technical specifications, voluntary consensus or consortia standards, and best practices and a *roadmap* of such resources that may be needed to enable accessibility of automated vehicles for persons with physical, sensory, and cognitive disabilities. This initiative, tentatively entitled the *Inclusive Design Reference Hub*, will involve consultation with a range of stakeholders. This RFI will serve to refine DOT's vision, next steps, and long-term ownership and maintenance plan for this initiative. Respondents are encouraged to visit <https://www.transportation.gov/accessibility> for more information on DOT's accessibility initiatives.

Background

As transportation evolves, DOT is committed to a more accessible future and exploring accessibility opportunities that may materialize as vehicles and mobility services evolve. DOT encourages research into technologies that have the potential to remove barriers to accessibility in the transportation system and will seek to complement research done by leading academic institutions, the private sector and other entities to fill gaps that industry is not already covering. To this end, DOT recently announced its intent to establish a library of resources for accessibility in automation, and to work with outside experts to study voluntary best practices for ensuring accessibility in automated vehicles.
