

easement administered by the FWS and the State of Alaska.

The final EA contains Commission staff's analysis and response to comments filed on the draft EA issued on May 7, 2015. The FWS staff reviewed the analysis of the potential environmental impacts of the proposed hydroelectric project. The final EA concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the final EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at www.ferc.gov using the "eLibrary" link.
