SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54594; File No. SR-NYSE-2006-81]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Addition of Real-Time Quotation Information to the NYSE OpenBook™ Service

October 12, 2006

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 5, 2006, the New York Stock Exchange LLC ("NYSE" or "Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the NYSE. The Exchange has filed the proposal pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to add real-time quotation information to the limit order information that it makes

available through its NYSE OpenBook™ service. The NYSE has designated this proposal as non-controversial and has requested that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii) under the Act.⁵ The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NYSE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, NYSE OpenBook™ consists of a compilation of limit order data that the Exchange makes available to market data vendors, broker-dealers, private network providers and other entities. With this proposed rule change, the Exchange proposes to add the Exchange's quotation information to the NYSE OpenBook™ package. The Exchange's quotes include the best bid and offer available for a security on the Exchange. That best bid and offer reflects not only the limit orders resident in OpenBook™, but interest in the trading crowd and specialists' proprietary interest as well.

The quotation information regarding the best NYSE bid or offer is the same quotation information that the Exchange provides to the Processor under the CQ Plan for consolidation with other markets' quotation information. That is, the Exchange is proposing to add the information that it makes available under the CQ Plan to its NYSE OpenBook™ service. The Exchange will make NYSE quotation information available through NYSE OpenBook™ in real-time and no earlier than it provides that quotation information to the Processor under the CQ Plan.

The Exchange notes that the limit order products of fully automated markets, such as NYSE Arca's ArcaBook and Nasdaq's TotalView, already provide users with the quotation information that those markets provide under the CQ Plan.⁶

The Exchange believes that the addition of NYSE quotation information to NYSE OpenBook™ will make NYSE OpenBook™ a more attractive product to the trading desks of broker-dealers and institutional investors.

At this time, the Exchange is not proposing to add or change any OpenBook™ fee or to revise any OpenBook™ contract because of the addition of NYSE quotation information.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6(b) of the Act,⁷ in general, and with Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in processing information with respect to, and facilitating transactions in, securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is subject to Section 19(b)(3)(A)(iii) of the

Act⁹ and Rule 19b-4(f)(6) thereunder¹⁰ because the proposal: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative prior to 30 days after the date of filing or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided that the Exchange has given the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(b)(iii), the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay.¹² The Commission believes that such waiver is consistent with the protection of investors and the public interest because it would provide market participants that use OpenBookTM with more information about the current state of the NYSE market. For this reason, the Commission designates the proposed rule change to be effective upon filing with the Commission.¹³

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.
