DEPARTMENT OF STATE

[Delegation of Authority 262]

**Office of the Deputy Secretary;
Redelegation of Authorities by the
Deputy Secretary of State, to the
Administrator of the United States
Agency for International Development**

By the authority vested in me as
Deputy Secretary of State, including the
authority delegated to me by the
Secretary of State in Delegation of
Authority No. 245 of April 23, 2001, and
by Section 1 of the State Department
Basic Authorities Act (22 U.S.C. 2651A),
I hereby delegate to the Administrator of
the U.S Agency for International
Development, to the extent authorized
by law, the functions conferred upon
the Secretary of State by the President
relating to loan guarantees to Israel
under chapter 5 of title I of the
Emergency Wartime Supplemental
Appropriations Act, 2003 (Public Law
108-11).

Notwithstanding this delegation of
authority, the Secretary of State or
Deputy Secretary of State may exercise
any function delegated hereby. The
Administrator may, to the extent
consistent with law, redelegate such
functions and authorize their successive
redellegation.

This memorandum shall be published
in the **Federal Register**.

Dated: September 13, 2003.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

**Environmental Impact Statement:
Montgomery and Grimes Counties, TX**

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this
notice to advise the public that an
environmental impact statement will be
prepared for a proposed transportation
project in Montgomery and Grimes
Counties, Texas.

FOR FURTHER INFORMATION CONTACT: Mr.
John Mack, P.E., Federal Highway
Administration, Texas Division, 826
Federal Building, 300 East 8th Street,
Austin, Texas 78701, Telephone (512)
536-5960.

SUPPLEMENTARY INFORMATION: The
FHWA, in cooperation with the Texas
Department of Transportation (TxDOT)
will prepare an environmental impact
statement (EIS) for improvements in the
SH 249 corridor within Montgomery
and Grimes Counties, Texas. The project
study area is approximately 15 miles in
length from FM 149 in Montgomery
County to FM 1774 in Grimes County.
Cities within the study area include
Pinehurst, Magnolia, and Todd Mission.

A Major Investment Study (MIS) for
the project was completed in 2002. The
MIS evaluated modal, configuration,
and route corridor alternatives within
the overall study area and
recommended an alternative which was
the most feasible modal, configuration,
and route corridor that met the regions
transportation needs, while minimizing
impacts to the surrounding
environment. The most feasible corridor
alternative studied in the MIS was
selected based on the detailed
evaluation of the viable alternatives, as
well as public input. This alternative
encompasses two (2) general-purpose
lanes in each direction, including
auxiliary lanes between on-ramps and
off-ramps where appropriate. The EIS
will study in detail the preferred route
corridor that was selected in the MIS
and recommend a preferred alternative
alignment within this corridor. The EIS
is authorized pursuant to the Texas
Transportation Commission Minute

Order No. 104908 issued January 26, 1995.

A public scoping meeting will be held in the fall of 2003. The purpose of the public scoping meeting is to request comments and identify issues that will be considered during the evaluation of alignment alternatives and preparation of the EIS. All interested citizens are encouraged to attend these meetings. Large-scale maps of the project area will be displayed at the meeting. This will be the first in a series of meetings to solicit public comments on the proposed action. In addition, a public hearing will be held.

The EIS will evaluate potential impacts from construction and operation of the proposed roadway including, but not limited to, the following: transportation impacts (construction detours, construction traffic, mobility improvement and evacuation improvement), air, and noise impacts from construction equipment and operation of the facilities, water quality impacts from construction area and roadway storm water runoff, impacts to water of the United States including wetlands from right-of-way encroachment, impacts to historic and archaeological resources, impacts to floodplains, and impacts and/or potential displacements to residents and businesses.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and Local agencies, and private organizations and citizens who have previously expressed or are known to have interest in this proposal. To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address above.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2001-11060]

Availability of an Environmental Assessment for the Certification of Safety Auditors, Safety Investigators, and Safety Inspectors Interim Final Rule

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of availability; request for comments.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) announces the availability of the Environmental Assessment for the Certification of Safety Auditors, Safety Investigators, and Safety Inspectors interim final rule (67 FR 12776, Mar. 19, 2002) (commonly referred to as the "Certification" rule). This announcement is pursuant to the National Environmental Policy Act of 1969 (NEPA), as amended; the Council on Environmental Quality Regulations implementing NEPA (40 CFR parts 1500-1508); and U.S. Department of Transportation (DOT) Order 5610.1C, *Procedures for Considering Environmental Impacts*, dated September 18, 1979, as amended July 13, 1982, and July 30, 1985. The Certification rule was one of three interim final rules set aside by the U.S. Court of Appeals for the Ninth Circuit on January 16, 2003. The court concluded that FMCSA failed to comply with statutory environmental impact analysis requirements in developing these rules. Accordingly, FMCSA has analyzed the potential environmental impacts from implementation of the Certification rule. The agency has concluded that implementing the rule's requirements would have no adverse environmental consequences and in fact would be likely to have a positive, if minimal, impact on the affected environment.

SUPPLEMENTARY INFORMATION:

Background

Sec. 210 of the Motor Carrier Safety Improvement Act (MCSIA) of 1999 (Pub. L. 106-159, 113 Stat. 1748) directs that all motor carriers (both foreign and domestic) granted new operating authority must undergo a safety audit within 18 months of commencing operations in interstate commerce in the United States [49 U.S.C. 31144(b)]. Sec. 211 of the MCSIA requires that any safety audit conducted after December 31, 2002, be performed by a certified motor carrier safety auditor [49 U.S.C. 31148(b)]. The legislation also gives the Secretary of Transportation (Secretary) authority to decertify a safety auditor and extend the December 31, 2002, compliance deadline [49 U.S.C. 31148 (e) and (c)]. On July 17, 2003, the Secretary notified the Senate Committee
