

thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before 5:15 p.m. on February 5, 2025, and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by February 5, 2025. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined that these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: These reviews are being conducted under authority of title VII of the Act; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

SUMMARY: The FHWA, on behalf of Caltrans, is issuing this notice to announce actions taken by Caltrans that are final. The actions relate to a proposed highway project, State Route-47 on the Vincent Thomas Bridge in the County of Los Angeles, State of California. Those actions grant licenses, permits, and approvals for the project.

A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before May 5, 2025. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

Environmental Scientist, Caltrans, 100 South Main Street, Los Angeles, California, Hours: 8:00-4:30, Phone: (213) 310-2653, Email: jason.roach@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and the California Department of Transportation (Caltrans) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that the Caltrans has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of California: The Vincent Thomas Bridge (VTB) Deck Replacement Project on State Route 47 in Los Angeles County proposes to replace the entire bridge deck, guardrail barriers, and seismic sensors on the bridge to preserve the structural integrity of the VTB deck and to enhance the bridge's overall safety. The transportation project's construction is anticipated to last approximately 16 months. The VTB has been in service for 60 years. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Environmental Assessment/ Finding of No Significant Impact (EA/ FONSI) for the project, approved on September 27, 2024 and in other documents in the project records. The EA/FONSI and other project records are available by contacting Caltrans at the address provided above. The Caltrans EA/FONSI can be viewed and downloaded from the project website at <https://www.virtualeventroom.com/caltrans/vtb/>.
