

INFORMATION CONTACT. Describe your interest in the task and state the expertise you would bring to the working group. We must receive all requests by January 24, 2007. The assistant chair, the assistant executive director, and the FAA representative will review the requests and notify you if your request is approved.

If you are chosen for membership on the working group, you must represent your aviation community segment and actively participate in the working group by attending all meetings and provide written comments when requested to do so. You must devote the resources necessary to support the working group in meeting any assigned deadlines. You must keep your management chain and those you may represent advised of working group activities and decisions to ensure the proposed technical solutions don't conflict with your sponsoring organization's position when the subject being negotiated is presented to ARAC for approval. Once the working group has begun deliberations, members will not be added or substituted without the approval of the assistant chair, the assistant executive director, and the working group chair.

The Secretary of Transportation determined that the formation and use of the ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law.

Meetings of the ARAC are open to the public. Meetings of the PHWG will not be open to the public, except to the extent individuals with an interest and expertise are selected to participate. The FAA will make no public announcement of working group meetings.

Issued in Washington, DC, on December 13, 2006.

Pamela Hamilton-Powell,

Executive Director, Aviation Rulemaking Advisory Committee.

In the **Federal Register** of October 16, 2006 (71 FR 60791), FAA published a notice of Opportunity to Participate, criteria requirements and application procedure for designation or redesignation in the MAP.

The agency has received multiple requests for an extension of the date to submit an application. FAA has considered the requests and is extending the date to submit an application for 30 days, until January 19, 2007. The agency believes that a 30-day extension allows adequate time for interested persons to submit applications without significantly delaying the implementation of the MAP.
