Ochoco National Forest, Lookout Mountain Ranger District, Oregon; Big Summit Allotment Management Plan EIS

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Ochoco National Forest is preparing an environmental impact statement (EIS) to analyze the effects of changing grazing management in five grazing allotments on the Lookout Mountain Ranger District. These five allotments are: Big Summit, Pringle, Brush Creek, Lost Horse and North Fork. The proposed action will reauthorize term grazing permits, make rangeland improvements, manage livestock use and distribution to facilitate the improvement of riparian conditions, including streambank stability, riparian vegetation, and water temperature, and will conduct riparian restoration activities on some streams in the project area. These actions are needed to achieve and maintain consistency with the Ochoco National Forest Land and Resource Management Plan, as amended.

DATES: Comments concerning the scope of the analysis must be received by March 20, 2009. The draft environmental impact statement is expected to be completed and available for public comment in July 2009. The final environmental impact statement is expected to be completed in September 2009.
