

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[EPA-R09-RCRA-2019-0491; FRL-10003-98-Region 9]

California: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final authorization.

SUMMARY: The Environmental Protection Agency (EPA) is granting final authorization of the changes to the hazardous waste program submitted by California. As a result of EPA's authorization, California's revised program will become part of the authorized state hazardous waste program, and therefore will be federally enforceable. The single adverse comment received is outside the scope of the approval. As such, EPA concludes that no comments received on the subject of this action warrant any changes to the proposed authorization.

DATES: This final authorization is effective January 14, 2020.

FOR FURTHER INFORMATION CONTACT:

Laurie Amaro, EPA Region 9, 75 Hawthorne St., San Francisco, CA 94105. By phone: (415) 972-3364 or by email at Amaro.Laurie@epa.gov.

SUPPLEMENTARY INFORMATION:

A. Authorization of Revisions to the California's Hazardous Waste Program

On July 10, 2019, California submitted a final complete program revision application seeking authorization of the State's changes relating to its "universal waste" program in accordance with 40 CFR 271.21. The Agency published a proposed rule on October 18, 2019 (84 FR 55871) and requested public comment. Most comments received were in support of the action; however, one comment was critical of the California Department of Toxic Substances Control's "enforcement actions against universal waste recyclers accepting appliances that contain MRSH." We believe this comment refers to California requirements that materials that require special handling (MRSH) must be removed prior to processing major appliances for scrap metal (California Public Resources Code section 42175; Health and Safety Code section 25212) and related requirements for appliance recyclers to comply with California's Certified Appliance Recycler (CAR) Program (California Health and Safety Code section 25211,

et seq.). These provisions are not included in this approval and may not be addressed by this action. Since the single adverse comment is outside of the scope of EPA's approval of the subject revisions to the State's hazardous waste program, we now make a final decision that California's hazardous waste program revisions satisfy all of the requirements necessary to qualify for final authorization. For a list of rules that are authorized with this final authorization, please see the proposed rule published in the October 18, 2019 **Federal Register** at 84 FR 55871.

B. What is codification and is EPA codifying California's hazardous waste program as authorized in this rule?

Codification is the process of placing the State's statutes and regulations that comprise the State's authorized hazardous waste program into the Code of Federal Regulations. EPA does this by referencing the authorized State rules in 40 CFR part 272. EPA is not codifying the authorization of California's revisions at this time. However, EPA reserves the amendment of 40 CFR part 272, subpart F, for the codification of California's program at a later date.

C. Statutory and Executive Order Reviews

This final authorization revises California's authorized hazardous waste management program pursuant to Section 3006 of RCRA and imposes no requirements other than those currently imposed by State law. For further information on how this authorization complies with applicable Executive orders and statutory provisions, please see the proposed rule published in the October 18, 2019 **Federal Register** at 84 FR 55871.

List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous waste, Hazardous waste transportation, Indian lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of sections 2002(a), 3006, and 7004(b) of the Solid Waste Disposal Act as amended, 42 U.S.C. 6912(a), 6926, and 6974(b).

Dated: December 18, 2019.

Deborah Jordan,

Acting Regional Administrator, Region 9.

[Docket ID FEMA-2014-0005]

RIN 1660-AA83

Factors Considered When Evaluating a Governor's Request for Individual Assistance for a Major Disaster; Correction

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Correcting amendment.

SUMMARY: On March 21, 2019, the Federal Emergency Management Agency (FEMA) published a final rule revising its regulations to update the factors it uses to determine whether to recommend provision of Individual Assistance during a major disaster. That final rule inadvertently failed to remove a table. This document corrects that error.

DATES: Effective on January 14, 2020.

FOR FURTHER INFORMATION CONTACT:

Mark Millican, FEMA, Individual Assistance Division, 500 C Street SW, Washington, DC 20472-3100, (phone) 202-212-3221 or (email) FEMA-IA-Regulations@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: On March 21, 2019, the Federal Emergency Management Agency (FEMA) published a final rule (84 FR 10632) revising 44 CFR part 206 to comply with section 1109 of the Sandy Recovery Improvement Act of 2013 (Pub. L. 113-2). As part of the revisions, FEMA adopted a fiscal capacity analysis that uses the total taxable resources of a State instead of the population numbers and size categories in the table at the end of 44 CFR 206.48(b). As FEMA discussed in the preamble to the final rule (84 FR 10632, at 10646), FEMA intended to remove the outdated table, but the amendatory instruction did not include this specific direction. This document corrects that error.

List of Subjects in 44 CFR Part 206

Administrative practice and procedure, Coastal zone, Community facilities, Disaster assistance, Fire prevention, Grant programs—housing and community development, Housing, Insurance, Intergovernmental relations, Loan programs—housing and community development, Natural resources, Penalties, and Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 206 is corrected by making the following correcting amendment:

PART 206—FEDERAL DISASTER ASSISTANCE

■ 1. The authority citation for part 206 continues to read as follows:

Authority: Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 through 5207; Homeland Security Act of 2002, 6 U.S.C. 101 *et seq.*; Department of Homeland Security Delegation 9001.1.

§ 206.48 [AMENDED]

■ 2. In § 206.48, remove the table at the end of paragraph (b).

Pete Gaynor,

Acting Administrator, Federal Emergency Management Agency.

50 CFR Part 300

[RTID 0648–XW014]

Fraser River Sockeye and Pink Salmon Fisheries; Inseason Orders

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; inseason orders.

SUMMARY: NMFS publishes Fraser River salmon inseason orders to regulate treaty and non-treaty (all citizen) commercial salmon fisheries in U.S. waters. The orders were issued by the Fraser River Panel (Panel) of the Pacific Salmon Commission (Commission) and subsequently approved and issued by NMFS during 2019 for sockeye and pink salmon fisheries within the U.S. Fraser River Panel Area. These orders established fishing dates, times, and areas for the gear types of U.S. treaty Indian and all citizen commercial fisheries during the period the Panel exercised jurisdiction over these fisheries.

DATES: The effective dates for the inseason orders are set out in this document under the heading Inseason Orders.

FOR FURTHER INFORMATION CONTACT: Peggy Mundy at 206–526–4323.

SUPPLEMENTARY INFORMATION: The Treaty between the Government of the United States of America and the Government of Canada concerning Pacific salmon was signed at Ottawa on January 28, 1985, and subsequently was given effect in the United States by the Pacific Salmon Treaty Act (Act) at 16 U.S.C. 3631–3644.

Under authority of the Act, Federal regulations at 50 CFR part 300, subpart F, provide a framework for the implementation of certain regulations of the Commission and inseason orders of the Commission's Fraser River Panel for U.S. sockeye and pink salmon fisheries in the Fraser River Panel Area.

The regulations close the U.S. portion of the Fraser River Panel Area to U.S. sockeye and pink salmon tribal and non-tribal commercial fishing unless opened by Panel regulations that are given effect by inseason orders issued by NMFS (50 CFR 300.94(a)(1)). During the fishing season, NMFS may issue inseason orders that establish fishing times and areas consistent with the Commission agreements and regulations of the Panel. Such orders must be consistent with domestic legal obligations and are issued by the Regional Administrator, West Coast Region, NMFS. Official notification of these inseason actions is provided by two telephone hotline numbers described at 50 CFR 300.97(b)(1) and in 84 FR 19729 (May 6, 2019). The inseason orders are published in the **Federal Register** as soon as practicable after they are issued. Due to the frequency with which inseason orders are issued, publication of individual orders is impractical.

Inseason Orders

The Panel assumed regulatory control of Fraser River Panel Area waters on June 30, 2019. The following inseason orders were adopted by the Panel and issued for U.S. fisheries within Fraser River Panel Area waters by NMFS during the 2019 fishing season. Each of the following inseason actions was effective upon announcement on telephone hotline numbers as specified at 50 CFR 300.97(b)(1) and in 84 FR 19729 (May 6, 2019); those dates and times are listed herein. The times listed are local times, and the areas designated are Puget Sound Management and Catch Reporting Areas as defined in the Washington State Administrative Code at Chapter 220–22, with the exception of the Apex, which is those waters north and west of the Area 7A “East Point Line,” defined as a line projected from the low water range marker in Boundary Bay on the International Boundary through the east tip of Point Roberts in

the State of Washington to the East Point Light on Saturna Island in the Province of British Columbia.

Fraser River Panel Order Number 2019–01: Issued 1:25 p.m., August 20, 2019

Treaty Indian Fishery

Areas 4B, 5, and 6C: Open for drift gillnet fishing from 12 p.m. (noon), Wednesday, August 21, 2019, through 12 p.m. (noon), Friday, August 23, 2019. All efforts must be made to release sockeye alive.

Areas 6, 7, and 7A: Open for reef net, drift gillnet, and purse seine fishing from 5 a.m., Wednesday, August 21, 2019, through 9 a.m., Friday, August 23, 2019. All efforts must be made to release sockeye alive.

All Citizen Fishery

Areas 7 and 7A: Open for purse seine fishing, with non-retention of sockeye, from 5 a.m. to 9 p.m., Friday, August 23, 2019.

Areas 7 and 7A: Open for drift gillnet fishing, with non-retention of sockeye, from 8 a.m. to 11:59 p.m. (midnight), Friday, August 23, 2019.

Fraser River Panel Order Number 2019–02: Issued 1:23 p.m., August 23, 2019

All Citizen Fishery

Areas 7 and 7A: The purse seine fishery previously scheduled for 5 a.m. to 9 p.m., Friday, August 23, 2019, is rescinded.

Areas 7 and 7A: The drift gillnet fishery previously scheduled for 8 a.m. to 11:59 p.m., Friday, August 23, 2019, is rescinded.

Fraser River Panel Order Number 2019–03: Issued 1:23 p.m., August 23, 2019

Treaty Indian Fishery

Areas 4B, 5, and 6C: Open for drift gillnet fishing from 12 p.m. (noon), Saturday, August 24, 2019, through 12 p.m. (noon), Wednesday, August 28, 2019. Sockeye non-retention.

Area 7: Open for reef net fishing from 5 a.m. to 9 p.m., Sunday, August 25, 2019, and 5 a.m. to 9 p.m., Monday, August 26, 2019. Sockeye non-retention.

All Citizen Fishery

Areas 7: Open for reef net fishing from 5 a.m. to 9 p.m., Sunday, August 25, 2019, and from 5 a.m. to 9 p.m., Monday, August 26, 2019. Must release all sockeye, unmarked Chinook salmon, unmarked coho, and all chum salmon.

Areas 7 and 7A, excluding the Apex: Open for purse seine fishing from 5 a.m. to 9 p.m., Saturday, August 24, 2019, and from 5 a.m. to 9 p.m., Sunday, August 25, 2019. Pink salmon retention only.
