Cube Yadkin Transmission LLC; Notice of Motion To Withdraw Compliance Filing and Motion for Extension of Time To Comply

On May 30, 2025, Cube Yadkin Transmission LLC (Cube Yadkin), filed a motion to withdraw its November 12, 2024 filing to comply with Order Nos. 881 and 881-A¹ and a motion for extension of time to comply with Order Nos. 881 and 881-A until July 12, 2027. Cube Yadkin states that the current effective date for compliance, July 12, 2025, does not provide Cube Yadkin with adequate time to develop and update processes, procedures and software to implement the requirements of Order No. 881 on Cube Yadkin's

limited and discrete facilities. According to Cube Yadkin, the requested extension will provide Cube Yadkin with "time to develop and implement processes tailored for the Yadkin Transmission Facilities that comply with Order No. 881 and to train [Cube Yadkin's] personnel to ensure continued operational reliability of the Yadkin Transmission Facilities."²

Answers to the motion must be filed by 5:00 p.m. Eastern Time on June 9, 2025.

SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency’s estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Access to TSCA Confidential Business Information under TSCA section 14(d)(4), (5), and (6).

EPA ICR No.: 2570.03.

OMB Control No.: 2070-0209.

ICR status: This ICR is currently approved through March 31, 2026. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA’s regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The TSCA amendments of June 22, 2016, known as the Frank R. Lautenberg Chemical Safety for the 21st Century Act, expanded the categories of people to whom EPA may disclose TSCA confidential business information (CBI). The amendments authorize EPA to disclose TSCA CBI to state, tribal, and local governments; environmental, health, and medical professionals; and emergency responders, under certain conditions, including consistency with guidance that EPA is required to develop. Three guidance documents have been developed, corresponding to the new authorities in TSCA section 14(d)(4), (5), and (6).

The conditions for access vary under each of the new provisions, but generally include the following: requesters must show that they have a need for the information related to their employment, professional, or legal duties; recipients of TSCA CBI are prohibited from disclosing or permitting further disclosure of the information to individuals not authorized to receive it (physicians/nurses may disclose the information to their patient); and except in emergency situations EPA must notify the entity that made the CBI claim at least 15 days prior to disclosing the CBI. In addition, under these new provisions, requesters (except in some emergency situations) are required to sign an agreement and may be required to submit a statement of need to EPA.

In accordance with the requirements of TSCA section 14(c)(4)(B), the guidance documents cover the content and form of the agreements and statements required under each
