Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Submission of Conservation Efforts to Make Listings Unnecessary Under the Endangered Species Act.

Form Number(s): None.

OMB Approval Number: 0648–0466.

Type of Request: Regular submission.

Burden Hours: 3,300.

Number of Respondents: 3.

Average Hours per Response: Reports, 80 hours; monitoring, 320 hours, agreement development, 2,500 hours.

Needs and Uses: This information collection is based on National Marine Fisheries Service (NMFS) and the U.S. Fish and Wildlife Service policy on the criteria the Services use to evaluate conservation efforts by states and other non-Federal entities. The NMFS take

these efforts into account when making decisions on whether to list a species as threatened or endangered under the Endangered Species Act. The efforts usually involve the development of a conservation plan or agreement, procedures for monitoring the effectiveness of the plan or agreement, and an annual report.

Affected Public: State, local or tribal government; business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Voluntary.

Title: Applications and Reports for Registration as a Tanner or Agent.

Form Number(s): None.

OMB Approval Number: 0648-0179.

Type of Request: Regular submission.

Burden Hours: 108.

Number of Respondents: 54.

Average Hours per Response: 2 hours.

Needs and Uses: The Marine Mammal Protection Act (MMPA) mandates the protection and conservation of marine mammals and makes the taking, killing or serious injury of marine mammals, except under permit or exemption, a violation of the Act. An exemption is

provided for Alaskan natives to take marine mammals if the taking is for subsistence or for creating and selling authentic native articles of handicraft and clothing. Possession of marine mammals and marine mammal parts by other than Alaskan native is therefore prohibited. As native handicrafts are allowed by the MMPA to enter interstate commerce, an exemption is also needed to allow non-natives to handle the skins or other marine mammal product, whether to tan the pinniped hide or to act as an agent for the native to sell his handicraft products. Persons register for an exemption, and registered parties must file annual reports. The information is needed by NOAA to manage the program and provide for effective law enforcement.

Respondent's Obligation: Mandatory.

SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request an extension and revision to the current Office of Management and Budget clearance for the Survey of Local Government Finances (School Systems).

The Census Bureau collects education finance data as part of its Annual Survey of State and Local Governments. This survey is the only comprehensive source of public fiscal data collected on a nationwide scale using uniform definitions, concepts and procedures. The collection covers the revenues, expenditures, debt, and assets of all public school systems. This data collection has been coordinated with the National Center for Education Statistics (NCES). The NCES uses this collection to satisfy its need for school system level finance data.

Information on the finance of our public schools is vital to assessing their effectiveness. The products of this data collection make it possible for users to search a single data base to obtain information on such things as per pupil expenditures and the percent of state, local, and Federal funding for each school system. Since the passing of the No Child Left Behind Act there has been an increased demand for data on the Nation's public schools. This survey provides the needed information on the financial aspects of local school districts.

The five forms used in the school finance portion of the survey are:

Form F-33. This form contains item descriptions and definitions of the elementary-secondary education finance items collected jointly by the Census Bureau and the NCES. It is used primarily as a worksheet and instruction guide by the state education agencies
