Additionally, information is used by EDA to determine: if statutory requirements are met on eligibility for projects for public works and economic adjustment (except for strategy/planning); district designation requirements; and if planning requirements are met. CEDS is the foundation for most of EDA's programs. CEDS is a continuous, broad based and diverse process put in place to describe and to address economic distress through a particular economic development project(s) activity(es).

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results and rescission, in part, of antidumping duty administrative review.

**SUMMARY:** In response to requests by the Stainless Steel Cookware Committee (the Committee), the petitioner, and two manufacturers/exporters of the subject merchandise, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on top-of-the-stove stainless steel cooking ware from Korea. We invite interested parties to comment on the preliminary results. Parties who submit comments in this proceeding should also submit with the argument(s): (1) A statement of the issue(s) and (2) a brief summary of their argument (not to exceed five pages).

**EFFECTIVE DATE:** October 9, 2002.
