

2. *Sale or Distribution by Persons other than the Registrants.* Persons other than the registrants, including but not limited to co-ops and commercial distributors, who are already in possession of these products as of February 6, 2024, may sell or distribute these products until the end date for sale and distribution of existing stocks identified in Tables 1 or 2 (depending on your state); except that such persons may distribute these products after the

date identified in Tables 1 or 2 solely for purposes of proper disposal, lawful export, or to facilitate return to the manufacturer.

3. *Distribution or Sale by Commercial Applicators.* Notwithstanding paragraph 2, for the purpose of facilitating use no later than the relevant end date for use of existing stocks identified in Tables 1 or 2, distribution or sale of existing stocks of these dicamba products that are in the possession of commercial

applicators is permitted until the relevant end date for use in Tables 1 or 2.

4. *Use of Existing Stocks.* As of the date of the order, use of XtendiMax, Engenia, and Tavium is permitted until the relevant date identified in Tables 1 or 2, provided that such use of existing stocks is consistent in all respects with the previously approved labeling accompanying the product.

TABLE 1—END DATES FOR SALE, DISTRIBUTION, AND USE OF EXISTING STOCKS

| State(s) | End date for sale & distribution of existing stocks for use (para. 2) | End date for use of existing stocks (paras. 3 & 4)* |
|---|--|---|
| IA, IL, IN | Sale & Distribution of XtendiMax, Engenia, or Tavium: May 13, 2024. | Use of XtendiMax, Engenia, or Tavium: June 12, 2024, or V4 growth stage (soybean) or 1st square growth stage (cotton) in 2024, whichever comes first. |
| MN | Sale & Distribution of XtendiMax, Engenia, or Tavium to Purchasers South of I-94: May 13, 2024. Sale & Distribution of XtendiMax, Engenia, or Tavium to Purchasers North of I-94: May 31, 2024. | Use of XtendiMax, Engenia, or Tavium south of I-94: June 12, 2024. Use of XtendiMax, Engenia, or Tavium north of I-94: June 30, 2024. |
| SD | Sale & Distribution of XtendiMax, Engenia, or Tavium: May 21, 2024. | Use of XtendiMax, Engenia, or Tavium: June 20, 2024. |
| AL, AZ, CO, DE, FL (excluding Palm Beach County), GA, KS, KY, LA, MD, MI, MS, MO, NE, NJ, NM, NY, NC, ND, OH, OK, PA, SC, TN (excluding Wilson County), TX, VA, WV, WI. | Sale & Distribution of XtendiMax, Engenia, or Tavium for Use on Dicamba-Tolerant Soybean: May 31, 2024. Sale & Distribution of XtendiMax, Engenia, or Tavium for Use on Dicamba-Tolerant Cotton: June 30, 2024. | Use of XtendiMax, Engenia, or Tavium on Dicamba-Tolerant Soybean: June 30, 2024. Use of XtendiMax, Engenia, or Tavium on Dicamba-Tolerant Cotton: July 30, 2024. |

*The end dates for the use of existing stocks outlined in this Table are consistent with the application cut-off dates on the previously approved labeling of the formerly registered dicamba products at the time of vacatur. EPA believes these cut-off dates are appropriate because they will minimize confusion amongst the grower community. Furthermore, establishing cut-off dates in the existing stocks order consistent with those on the previously approved labeling is expected to encourage lawful use.

TABLE 2—END DATES FOR SALE, DISTRIBUTION, AND USE OF EXISTING STOCKS IN ARKANSAS

| State | End date for sale & distribution of existing stocks for use (para. 2) | End date for use of existing stocks (paras. 3 & 4) |
|-------|---|--|
| AR | Sale & Distribution of XtendiMax, Engenia, or Tavium: May 31, 2024. | Use of XtendiMax, Engenia, or Tavium: June 30, 2024. |

*The end date for the use of existing stocks outlined in this Table is consistent with the application cut-off date under Ark. Admin. Code 209.02.4–XIII. EPA did not intend its February 14, 2024, order to allow use of these dicamba products beyond any state-imposed application cutoff dates. Nevertheless, EPA added this cut-off date to the order to provide clarity to users in Arkansas.

Chlorpyrifos; Notice of Receipt of Request To Cancel Certain Pesticide Registrations and Amend Registrations To Terminate/Amend Certain Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of request by the registrants in Table 3 of Unit II to voluntarily cancel registrations of certain products containing the pesticide chlorpyrifos or to amend their

chlorpyrifos registrations to terminate/delete one or more uses. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests or if the registrants withdraw their request to cancel these uses or products. If these requests are granted, any sale, distribution, or use of the products listed in this notice after the registrations have been cancelled or the uses have been terminated would need to be consistent with the terms as described in the final cancellation order.

DATES: Comments must be received on or before May 3, 2024.

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2022-0223, is available at <https://www.regulations.gov/docket/EPA-HQ-OPP-2022-0223>.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members

of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through <https://www.regulations.gov> or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI, and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in

accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. What action is the Agency taking?

This notice announces receipt by the Agency of requests from the registrants in Table 3 of Unit II to cancel certain pesticide products or amend registrations by terminating certain uses registered under FIFRA section 3 (7 U.S.C. 136a) or 24(c) (7 U.S.C. 136v(c)). These registrations are listed in sequence by registration number in Table 1 and Table 2 of this Unit.

Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling registrations and terminating uses as requested.

III. What is the Agency's authority for taking these actions?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or to cancel registered uses for a pesticide. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrant requests a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 3 of Unit II have requested that EPA waive the 180-day comment period. Accordingly, EPA is providing a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

If the requests for voluntary cancellation and amendments to terminate uses are granted, the Agency intends to publish a final cancellation order in the **Federal Register**. In that order, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Tables 1 and 2 of Unit II.

Upon cancellation of the products identified in Table 2 of Unit II, the sale

and distribution of these products will be prohibited, except for export consistent with FIFRA section 17 or for proper disposal. Use of existing stocks would be permitted until exhausted.

EPA is proposing to allow use of existing stocks of chlorpyrifos products identified in Table 1 of Unit II as follows: The sale and distribution of existing stocks would be permitted through April 30, 2025. After that date, products identified in Table 1 would not be allowed to be sold or distributed, unless none of the terminated uses appears on the product's labeling.

Use of existing stocks would be permitted through June 30, 2025. After that date, products identified in Table 1 would be allowed to be used only for non-food uses to the extent permitted by the label.
