

Section 12.4. Conformance with State Law. All acts and transactions under this Ordinance shall be in conformity with the Compact and the laws of the State of California to the extent required by 18 U.S.C. Sec. 1161 and with all Federal laws regarding alcohol in Indian Country.

ARTICLE XIII—AMENDMENTS

This Ordinance may be amended only pursuant to a law duly enacted by the Legislature with certification by the Secretary of the Interior and publication in the Federal Register, if required.

ARTICLE XIV—SOVEREIGN IMMUNITY

Nothing contained in this Ordinance is intended to nor does it in any way limit, alter, restrict, or waive the Nation's sovereign immunity from unconsented suit or action.

ARTICLE XV—SEVERABILITY

If any provision of this Act is held to be void, or unenforceable, it shall be considered deleted from this Act and the invalidity of such provision shall not affect the validity or enforceability of any other provision which shall be given effect in the absence of the invalid provision. The remaining provisions shall continue in full force and effect without being invalidated.

BILLING CODE 4310–4J–P

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Interim Deputation Agreements; Interim BIA Adult Detention Facility Guidelines

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice announces the online publication of the Interim BIA Adult Detention Facility Guidelines and the Interim Model Deputation Agreements that will be used by the Office of Justice Services following passage of the Tribal Law and Order Act of 2010. Three Interim Model Deputation Agreements will be used: one agreement for tribes in Public Law 83–280 States, one for tribes in Oklahoma, and a general deputation agreement for tribes in other parts of the United States. The documents are published on the Indian Affairs Web site.

DATES: These Interim BIA Adult Detention Facility Guidelines and Interim Model Deputation Agreements are effective on January 25, 2011.

FOR FURTHER INFORMATION CONTACT: Charles Addington, Bureau of Indian Affairs, Office of Justice Services, 1849 C Street, NW., Washington, DC 20240; Telephone (202) 208–5787 about the

Interim Model Deputation Agreements and Carla Flanagan, Bureau of Indian Affairs, Office of Justice Services, 1849 C Street, NW., Washington, DC 20240; Telephone (202) 219–1651 about the Interim BIA Adult Detention Facility Guidelines.

SUPPLEMENTARY INFORMATION: The Tribal Law and Order Act of 2010 calls for publication of the Model Deputation Agreements and the BIA Adult Detention Facility Guidelines. The documents are being published for interim use on the Indian Affairs Web site at <http://www.bia.gov/WhoWeAre/BIA/OJS/index.htm>. The documents were the subject of tribal consultation in November and December 2010. The Office of Justice Services continues consultation on the Tribal Law and Order Act of 2010 and expects to publish these documents in final form once the consultation ends.

The Interim BIA Adult Detention Facility Guidelines pertain to the operation and maintenance of Indian country detention facilities and other facilities contracted by the Bureau of Indian Affairs to house Indian offenders.

The Interim Model Deputation Agreements provide for the deputation of law enforcement officers employed by tribes, States and subdivisions of States. Deputized officers are authorized to assist the Bureau of Indian Affairs in its duties to provide law enforcement services and to make lawful arrests in Indian country within the jurisdiction of the tribe. Three model Deputation Agreements are necessary because of special jurisdictional considerations in Oklahoma and Public Law 83–280 States.

Dated: January 20, 2011.

Larry Echo Hawk,

Assistant Secretary—Indian Affairs.

BILLING CODE 4310–4J–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWO220000.L10200000.PH0000.00000000]

Renewal of OMB Control Number 1004–0041

AGENCY: Bureau of Land Management, Interior.

ACTION: 60-Day Notice and Request for Comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) is announcing its intention to request approval to continue the collection of information from applicants for grazing

permits and leases, and from holders of grazing permits and leases. The Office of Management and Budget (OMB) previously approved this information collection activity, and assigned it control number 1004-0041.

DATES: Submit comments on the proposed information collection by March 28, 2011.

ADDRESSES: Comments may be submitted by mail, fax, or electronic mail.

Mail: U.S. Department of the Interior, Bureau of Land Management, Mail Stop 401-LS, 1849 C St., NW., Washington, DC 20240.

Fax: to Jean Sonneman at 202-912-7102.

Electronic mail:

Jean_Sonneman@blm.gov.

Please indicate "Attn: 1004-0041" regardless of the form of your comments.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request, contact Kimberly Hackett, Division of Rangeland Resources, at 202-912-7216. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, to leave a message for Ms. Hackett.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501-3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d) and 1320.12(a)). This notice identifies an information collection that the BLM will be submitting to OMB for approval. The

Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to OMB.

The following information is provided for the information collection:

Title: Authorizing Grazing Use (43 CFR subparts 4110 and 4130).

Forms:

- Form 4130-1, Grazing Schedule, Grazing Application;
- Form 4130-1a, Grazing Preference Application and Preference Application (Base Property Preference Attachment and Assignment);
- Form 4130-1b, Grazing Application Supplemental Information;
- Form 4130-3a, Automated Grazing Application;
- Form 4130-4, Application for Exchange-of-Use Grazing Agreement; and
- Form 4130-5, Actual Grazing Use Report.

OMB Control Number: 1004-0041.

Abstract: The Taylor Grazing Act (43 U.S.C. 315-315n) and Subchapters III

and IV of the Federal Land Policy and Management Act (43 U.S.C. 1731-1753) authorize the BLM to manage domestic livestock grazing on public lands consistent with land use plans, the principles of multiple use and sustained yield, environmental values, economic considerations, and other relevant factors. In order to meet those goals, it is necessary to collect information on matters such as permittee and lessee qualifications for a grazing permit or lease, base property used in conjunction with public lands, and the actual use made by livestock authorized to graze on the public lands.

Frequency of Collection: The BLM collects the information on Forms 4130-1, 4130-1a, 4130-1b, and 4130-4 on occasion, and collects the information on Forms 4130-3a and 4130-5 annually. Responses are required in order to obtain or retain a benefit.

Estimated Number and Description of Respondents: Any U.S. citizen or validly licensed business may apply for a BLM grazing permit or lease. The BLM administers nearly 18,000 permits and leases for grazing domestic livestock, mostly cattle and sheep, at least part of the year on public lands. Permits and leases generally cover a 10-year period and are renewable if the BLM determines that the terms and conditions of the expiring permit or lease are being met.

Estimated Reporting and Recordkeeping "Hour" Burden: 33,810 responses and 7,886 hours annually. The following table details the individual components and respective hour burdens of this information collection request:

A. Type of response	B. Number of responses	C. Time per response (min)	D. Total hours (B × C)
Grazing Schedule—Grazing Application (43 CFR 4130.1-1) Form 4130-1	3,000	15	750
Grazing Preference Application and Preference Transfer Application (Base Property Preference Attachment and Assignment) (43 CFR 4110.1(c), 4110.2-1(c), and 4110.2-3) Form 4130-1a and related nonform information	900	40	600
Grazing Application Supplemental Information (43 CFR 4110.1 and 4130.7) Form 4130-1b ...	900	30	450
Automated Grazing Application (43 CFR 4130.4) Form 4130-3a	14,000	10	2,333
Application for Exchange-of-Use Grazing Agreement (43 CFR 4130.6-1) Form 4130-4	10	18	3
Actual Grazing Use Report (43 CFR 4130.3-2(d) Form 4130-5	15,000	15	3,750
Totals	33,810	7,886

Before including your address, telephone number, e-mail address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Jean Sonneman,

Bureau of Land Management, Acting Information Collection Clearance Officer.

[LLNMF01000-L51010000-ER0000-LVRWG10G0760; NNMN122352]

Notice of Intent to Prepare an Environmental Impact Statement for the Proposed San Juan Basin Energy Connect Project, San Juan County, New Mexico, and La Plata County, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Farmington Field Office, Farmington, New Mexico, intends to prepare an Environmental Impact Statement (EIS) on the proposed San Juan Energy Connect Project, and by this notice is announcing the beginning of the scoping process to solicit public comments and identify issues.

DATES: This notice initiates the public scoping process for the EIS. Comments must be received in writing by the BLM on or before March 11, 2011. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers and the BLM Web site at: <http://www.blm.gov/nm/farmington>. In order to be included in the Draft EIS, all comments must be received prior to the close of the scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

ADDRESSES: You may submit comments related to the San Juan Basin Energy

Connect Project by any of the following methods:

• **Web site:** <http://www.sjbenergyconnect.com>;

• **E-mail:** info@sjbenergyconnect.com;

or

• **Mail:** Bureau of Land Management, Farmington Field Office, Attention: San Juan Basin Energy Connect Project Manager, 1235 La Plata Highway Suite A, Farmington, New Mexico 87401.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to the mailing list, contact Marcy Romero, Project Manager, telephone 505-599-6339; address 1235 La Plata Highway Suite A, Farmington, New Mexico 87401; e-mail marcella_romero@blm.gov.

SUPPLEMENTARY INFORMATION: The applicant, Tri-State has requested a right-of-way (ROW) authorization to construct, operate, and maintain a 230 kilovolt (kV) transmission line from the Farmington, New Mexico area to Ignacio, Colorado. The San Juan Basin Energy Connect Project is generally located between Townships 30 and 33 North, Ranges 16 through 7 West, New Mexico Principal Meridian, San Juan County, New Mexico, and La Plata County, Colorado. The project area extends from within 1 mile of Farmington, New Mexico, and within 3 miles of the Navajo Nation, to within 5 miles of Durango, Colorado. The project area covers approximately 174,096 acres of mixed Federal, State, Tribal and private lands. The BLM Farmington Field Office and Bureau of Indian Affairs manage the Federal lands in the project area.

The proposed project would entail the expansion of the existing Shiprock Substation to accommodate the new 230 kV line termination and installation of additional 345/230 kV transformation equipment. The construction involves approximately 35-40 miles of new double-circuit 230 kV transmission line from the existing Shiprock Substation to the proposed Kiffen Canyon Substation near the City of Farmington's Glade Switching Station. It is proposed that approximately 45-50 miles of new double and single-circuit 230 kV transmission line would be constructed between the proposed Kiffen Canyon Substation and the proposed Iron Horse Substation near Ignacio, Colorado. In addition to transmission facilities, traditional vehicle access to these new electrical facilities would be needed. New access would be minimized by using existing access whenever possible. The BLM Farmington Field Office will serve as the lead agency for the NEPA analysis process and preparation of the

EIS. Cooperating agencies identified at this time include the Bureau of Indian Affairs, Southern Ute Indian Tribe, Rural Utilities Service, and Western Area Power Administration. The proposed action is in conformance with the Farmington Resource Management Plan and Record of Decision dated December 2003. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS. The EIS for the San Juan Basin Energy Connect Project will analyze the environmental consequences of implementing the proposed action and alternatives to the proposed action, including a No Action Alternative. The BLM encourages the public to send comments concerning the project as proposed; other feasible alternative locations; possible mitigation measures; and any other information relevant to the proposed action. Other alternatives that may be considered in detail include additional alignments.

The BLM initiated scoping for this project in public meetings held in Farmington, New Mexico, and Ignacio, Colorado, on October 7 and 8, 2009, respectively. Public input suggested that an EIS level analysis would be more appropriate than the proposed Environmental Assessment (EA). At that time, the proposed action was discussed as being a combination of 48 corridors identified by a Macro Corridor Study, completed prior to the initiation of the NEPA process. Public notices and direct mailings were used to inform those potentially affected or interested in the proposal and information was also available on the project Web site (<http://www.SJBenergyConnect.com>). In addition to accepting comments at the workshops, BLM invited interested individuals to submit their comments using the project Web site, e-mail, U.S. Postal Service, a dedicated 1-800 hotline, or fax.

Scoping for the EA yielded 232 separate comments from 91 individuals. In addition to highlighting the need to develop an EIS, scoping identified key preliminary issues that will be used in the development and analysis of the alternatives. These issues include:

- Proximity of the transmission line to residences;
- Land use;
- Impacts to visual resources;
- Health and safety concerns; and
- Impacts related to noise.

The BLM will provide additional opportunities for public participation through scoping meetings and the opportunity to submit comments during the scoping period. The BLM will use
