

organizations, community groups, social service agencies, and other public or private entities to enhance the program and promote school-linked services integration; describe collaborative efforts with institutions of higher education which specifically seek to enhance or improve graduate programs specializing in the preparation of elementary school counselors, school psychologists, and school social workers; and

(2) Document that the applicant has the personnel qualified to develop, implement, and administer the program.

(6) *Adequacy of resources.* (10 points)

Applicants must describe the resources committed to the proposed project.

In determining the adequacy of resources for the proposed project, the following factors are considered:

(A) The relevance and demonstrated commitment of each partner in the proposed project to the implementation and success of the project.

(B) The extent to which the costs are reasonable in relation to the number of persons to be served and to the anticipated results and benefits.

(C) The potential for the incorporation of the project purposes, activities, or benefits into the ongoing program of the agency or organization at the end of Federal funding.

Waiver of Proposed Rulemaking

It is the Assistant Secretary's practice, in accordance with the Administrative Procedure Act (5 U.S.C. 553), to offer interested parties the opportunity to comment on proposed rules. Section 437(d)(1) of the General Education Provision Act (GEPA), however, exempts from this requirement rules that apply to the first competition under a new or substantially revised program. This is the first competition under the Elementary School Counseling Demonstration Program since that program was authorized as part of the Elementary and Secondary Education Act of 1965 as amended by the Improving America's Schools Act of 1994.

Intergovernmental Review

This program is subject to the requirements of Executive Order 12372 and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local government for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.
