Hazardous Materials Regulations: Minor Editorial Corrections and Clarifications; Correction

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Final rule; correction.

SUMMARY: PHMSA is correcting a minor error in a final rule, published in the **Federal Register** on September 14, 2006. That final rule corrected editorial errors, made minor regulatory changes and, in response to requests for clarification, improved the clarity of certain provisions in the Hazardous Materials Regulations (HMR).

DATES: *Effective date:* October 1, 2006.

FOR FURTHER INFORMATION CONTACT: Kevin Leary, Office of Hazardous Materials Standards, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION:

I. Background

On September 14, 2006, the Pipeline and Hazardous Materials Safety Administration (PHMSA, we) published a final rule under Docket HM-189Z (71 FR 54388) to correct editorial errors, make minor regulatory changes and, in response to requests for clarification, improved the clarity of certain provisions in the Hazardous Materials Regulations (HMR).

This document corrects a minor error in the September 14, 2006 final. We inadvertently omitted several sentences that are part of the current regulatory requirements in paragraph (b) of § 173.153. This section provides exceptions for certain shipments of Division 6.1 materials. The omitted sentences establish the conditions under which the exception may be utilized for air transportation and limit the total weight authorized for packages utilizing the exception. In this final rule, we are restoring these sentences to the paragraph.

Because these amendments do not impose new requirements, notice and public procedure are unnecessary. By
