

terms “small business,” “small organization,” and “small governmental jurisdiction.” According to Section 601(3) of the RFA, “the term “small business” has the same meaning as the term “small business concern” under Section 3 of the Small Business Act (15 U.S.C. 632), unless an agency, after consultation with the Small Business Administration and after opportunity for public comment, establishes one or more definitions of such term which are appropriate to the activities of the agency and publishes such definition(s) in the **Federal Register**.” If the agency has not defined the term for a particular purpose, the Small Business Act states that “a small business concern * * * shall be deemed to be one which is independently owned and operated and which is not dominant in its field of operation.” The Section 601(4) of the RFA defines a “small organization” to include “any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.” A “small governmental jurisdiction” is defined by Section 601(5) of the RFA to include “governments of cities, counties, towns, townships, villages, school districts, or special districts, with a population of less than fifty thousand.”

It is likely that a substantial number of the Issuers required to submit material event notices are small governmental jurisdictions included in the RFA’s definition of small entities. However, in this regard, the proposed amendments to the Rule would either not require any additional work for such small entities if they do not currently send material event notices to the MSRB, or would simply require them to send such notices to each of the (currently four) NRMSIRs. However, the Commission believes that the cost of sending such notices to three additional locales would be minimal because such notices are generally short in length and would only encompass the additional costs of copying several pages, as well as the minor additional mailing costs. Finally, the Commission preliminarily believes that those Issuers that currently send their material event notices to each NRMSIR as well as the MSRB would reduce their costs because, under the proposed amendments, the MSRB would no longer be available as a location to send such notices. Thus, while the proposed amendments may impact a small entity, such impact would likely not be significant.

For the above reasons, the Commission certifies that the proposed amendments to the Rule would not have a significant economic impact on a substantial number of small entities.

The Commission requests comments regarding this certification. The Commission requests that commenters describe the nature of any impact on small businesses and provide empirical data to support the extent of the impact.

The preamble below is designed to assist readers in understanding these proposed amendments to the Commission's rules. The preamble

includes a discussion of the background leading up to these proposed amendments, a regulatory analysis addressing government-wide statutes and issuances on rulemaking, and a description of the proposed amendments to the rules. The Commission encourages members of the public to comment—in addition to any other comments they wish to make on the proposed amendments—on whether the proposed language is sufficiently clear for users of the rules to understand.

If the Commission decides to proceed with this rulemaking after reviewing the comments filed in response to this notice, the proposed rule revisions will be promulgated in accordance with the Administrative Procedure Act (5 U.S.C. 553), and will be codified in 19 CFR part 210.

Background

Currently, service of Commission documents in investigations and related proceedings under section 337 of the Tariff Act is effected under section 210.7 of the Commission's rules in part 210 (19 CFR 210.7) which refers back to the general service provisions of § 201.16 of the Commission's rules in part 201 (19 CFR 201.16). Also, the computation of time to respond to Commission documents in section 337 investigations and related proceedings is governed by § 210.6 of the Commission's rules in part 210 (19 CFR 210.6) which refers back to the general computation of time presented in § 201.16(d) of the Commission's rules in part 201 (19 CFR 201.16(d)). Currently, the Commission rules governing service of Commission documents in section 337 investigations and related proceedings allow for service by mail or hand delivery.

The Commission is considering changing the manner in which it serves certain documents in section 337 investigations and related proceedings to: (1) Eliminate gamesmanship between parties served by different manners of service in responding to Commission documents; and (2) streamline service of Commission documents. The Commission proposes that certain Commission documents, which are identified below, be served by overnight delivery on private parties. For these documents hand pickup will not be permitted. Parties served by overnight delivery will be given one additional day to respond. The Commission is considering providing the Commission Investigative Attorney ("IA") with sufficient time to allow filing contemporaneously with the private parties.

Regulatory Analysis of Proposed Amendments to 19 CFR Part 210

The Commission has determined that the proposed rules do not meet the criteria described in Section 3(f) of Executive Order 12866 (58 FR 51735, Oct. 4, 1993) and thus do not constitute a significant regulatory action for purposes of the Executive Order.

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) is inapplicable to this rulemaking because it is not one for which a notice of proposed rulemaking is required under 5 U.S.C. 553(b) or any other statute. Although the Commission has chosen to publish a notice of proposed rulemaking, these proposed regulations are "agency rules of procedure and practice," and thus are exempt from the notice requirement imposed by 5 U.S.C. 553(b).

These proposed rules do not contain federalism implications warranting the preparation of a federalism summary impact statement pursuant to Executive Order 13132 (64 FR 43255, Aug. 4, 1999).

No actions are necessary under the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*) because the proposed rules will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and will not significantly or uniquely affect small governments.

The proposed rules are not major rules as defined by section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 801 *et seq.*). Moreover, they are exempt from the reporting requirements of the Contract With America Advancement Act of 1996 (Pub. L. 104-121) because they concern rules of agency organization, procedure, or practice that do not substantially affect the rights or obligations of non-agency parties.

The amendments are not subject to section 3504(h) of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), since they do not contain any new information collection requirements.

Explanation of the Proposed Amendments to 19 CFR Part 210

The Commission proposes to amend part 210 in the manner described below.

Section 210.6

Section 210.6 governs the computation of response time when a party is served with a document that requires a response. The Commission proposes to amend that rule by adding provisions concerning when to respond to Commission documents that are served by overnight delivery.

The Commission proposes to revise the text of § 210.6 by dividing the current text and designating the portions as paragraphs (a) and (b) of the amended rule. Also, the Commission proposes to add a new paragraph (c) which provides that a party shall be given one additional day to respond to a Commission document when served by overnight delivery, and add another new paragraph (d) which defines "overnight delivery".

Section 210.7

Paragraph (a) of § 210.7 governs the service of process of Commission documents. The Commission proposes to amend that rule by adding provisions concerning service of certain documents by overnight delivery on private parties (for these documents hand pickup will not be permitted).

The Commission proposes to revise and redesignate current paragraph (a) as paragraph (a)(1), and then add new paragraph (a)(2) which provides that certain Commission documents shall be served by overnight delivery.

List of Subjects in 19 CFR Part 210

Administration practice and procedure, Business and industry, Customs duties and inspection, Imports, Investigations.

For the reasons discussed in the preamble, the United States International Trade Commission proposes to amend 19 CFR part 210 as follows:

PART 210—ADJUDICATION AND ENFORCEMENT

1. The authority citation for part 210 will continue to read as follows:

Authority: 19 U.S.C. 1333, 1335, and 1337.

2. Revise § 210.6 to read as follows:

§ 210.6 Computation of time, additional hearings, postponements, continuances, and extensions of time.

(a) Unless the Commission, the administrative law judge, or this or another section of this part specifically provides otherwise, the computation of time and the granting of additional hearings, postponements, continuances, and extensions of time shall be in accordance with §§ 201.14 and 201.16(d) of this chapter.

(b) Whenever a party has the right or is required to perform some act or to take some action within a prescribed period after service of a document upon

it, and the document was served by mail, the deadline shall be computed by adding to the end of the prescribed period the additional time allotted under § 201.16(d), unless the Commission, the administrative law judge, or another section of this part specifically provides otherwise.

(c) Whenever a party has the right or is required to perform some act or to take some action within a prescribed period after service of a Commission document upon it, and the document was served by overnight delivery, the deadline shall be computed by adding one day to the end of the prescribed period, unless the Commission, the administrative law judge, or another section of this part specifically provides otherwise.

(d) "Overnight delivery" is defined as delivery by the next business day.

3. Amend § 210.7 by revising paragraph (a) to read as follows:

§ 210.7 Service of process and other documents; publication of notices.

(a) *Manner of service.* (1) The service of process and all documents issued by or on behalf of the Commission or the administrative law judge—and the service of all documents issued by parties under §§ 210.27 through 210.34 of this part—shall be in accordance with § 201.16 of this chapter, unless the Commission, the administrative law judge, or this or another section of this part specifically provides otherwise.

(2) The service of all initial determinations as defined in § 210.42 and all documents containing confidential business information—issued by or on behalf of the Commission or the administrative law judge—on a private party shall be effected by serving a copy of the document by overnight delivery—as defined in § 210.6(d)—on the person to be served, on a member of the partnership to be served, on the president, secretary, other executive officer, or member of the board of directors of the corporation, association, or other organization to be served, or, if an attorney represents any of the above before the Commission, by serving a copy by overnight delivery on such attorney.
