SUPPLEMENTARY INFORMATION:

A. Purpose

Part 28 of the Federal Acquisition Regulation contains guidance related to obtaining financial protection against damages under Government contracts (e.g., use of bonds, bid guarantees, insurance etc.). Part 52 contains the texts of solicitation provisions and contract clauses. These regulations implement a statutory requirement for information to be provided by Federal contractors relating to payment bonds furnished under construction contracts which are subject to 40 U.S.C. chapter 31, subchapter III, Bonds. This collection requirement is mandated by Section 806 of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Pub. L. 102–190), as amended by Section 2091 of the Federal Acquisition Streamlining Act of 1994 (Pub. L. 103–335). The clause at FAR 52.228–12, Prospective Subcontractor Requests for Bonds, implements Section 806(a)(3) of Public Law 102–190, as amended, which specifies that, upon the request of a prospective subcontractor or supplier offering to furnish labor or material for the performance of a construction contract for which a payment bond has been furnished to the United States pursuant to 40 U.S.C. chapter 31, subchapter III, Bonds, the contractor shall promptly provide a copy of such payment bond to the requestor.

In conjunction with performance bonds, payment bonds are used in Government construction contracts to secure fulfillment of the contractor's obligations under the contract and to assure that the contractor makes all payments, as required by law, to persons furnishing labor or material in performance of the contract. This regulation provides prospective subcontractors and suppliers a copy of the payment bond furnished by the contractor to the Government for the performance of a Federal construction contract subject to 40 U.S.C. chapter 31, subchapter III, Bonds. It is expected that prospective subcontractors and suppliers will use this information to determine whether to contract with that particular prime contractor. This information has been and will continue to be available from the Government. The requirement for contractors to provide a copy of the payment bond upon request to any prospective

subcontractor or supplier under the Federal construction contract is contained in Section 806(a) (3) of Public Law 102–190, as amended by Sections 2091 and 8105 of Public Law 103–355.

B. Analysis of Public Comments

A notice was published in the **Federal Register** at 78 FR 56896 on September 16, 2013. One respondent submitted public comments on the extension of the previously approved information collection. The analysis of public comments is summarized as follows:

Comment: The respondent agrees that subcontractors and prospective subcontractors should have access to copies of the payment bonds and has advocated for this process. By having access to the bonds, the subcontractors and prospective subcontractors have the advantage of having insight on the prime contractor. At this time, the commenter does not have a recommendation for an alternative method for making this data available. However, the respondent recommends that alternatives be explored with associations involved and representing the surety industry.

Response: Because the respondent's suggestions neither question nor affect the information collection estimates included in this request for extension, the request for approval to extend this information collection will be submitted without change. However, the recommendation will be researched, and, as determined appropriate, revised as a separate action.

C. Annual Reporting Burden

No changes are being made to the burden.

Respondents: 14,628.

Responses per Respondent: 1.

Total Responses: 14,628.

Hours per Response: .25.

Total Burden Hours: 3,657.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW., 2nd Floor, Washington, DC 20405, telephone 202–501–4755. Please cite OMB Control Number 9000–0135, Prospective Subcontractor Requests for Bonds, in all correspondence.

Dated: January 30, 2014.

Karlos Morgan,

Acting Director, Federal Acquisition Policy Division, Office of Government-wide Acquisition Policy, Office of Acquisition Policy, Office of Government-wide Policy.

Title: Multistate Financial Institution Data Match with Federally Assisted State Transmitted Levy (FIDM/FAST-Levy).

OMB No.: 0970–0196.

Description: To satisfy any current support obligation and arrearage of an obligor who owes past-due support, state child support enforcement agencies are required to attach and seize assets of the obligor held in financial institutions. To locate an obligor's account, state child support enforcement agencies are required to enter into data matching agreements with financial institutions doing business in their state. The results of the data matches are used to secure information leading to the enforcement of the support obligation. The federal Office of Child Support Enforcement (OCSE) assists states fulfilling the data matching requirements with multistate financial institutions by facilitating matching through the centralized Federal Parent Locator Service.

To further assist states in meeting this statutory obligation, the OCSE developed the Federally Assisted State Transmitted (FAST) Levy application, an application within the Federal Parent Locator Service, providing a secure and automated method of collecting and disseminating electronic levy notices between state child support enforcement agencies and multistate financial institutions to help the child support agencies more efficiently secure financial assets.

The FIDM/FAST-Levy information collection activities are authorized by: 42 U.S.C. 652(l) which authorizes OCSE, through the Federal Parent Locator Service, to aid state child support agencies and financial institutions doing business in two or more States in reaching agreements regarding the receipt from financial institutions, and the transfer to the state child support agencies, of information pertaining to the location of accounts held by obligors who owe past-due support; 42 U.S.C. 666 (a)(2) and (c)(1)(G)(ii) which require state child support agencies in cases in which there is an arrearage to establish procedures to secure assets to satisfy any current support obligation and the arrearage by attaching and seizing assets of the obligor held in financial
