

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Notice of Intent To Request Revision From the Office of Management and Budget of a Currently Approved Information Collection Activity, Request for Comments; Notice of Proposed Construction or Alteration, Notice of Actual Construction or Alteration, Project Status Report**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget (OMB) to approve a current information collection. 49 U.S.C. Section 44718 states that the Secretary of Transportation shall require notice of structures that may affect navigable airspace, air commerce, or air capacity.

DATES: Please submit comments by May 25, 2007.

FOR FURTHER INFORMATION CONTACT: Carla Mauney on (202) 267-9895, or by e-mail at: Carla.Mauney@faa.gov.

SUPPLEMENTARY INFORMATION:**Federal Aviation Administration (FAA)**

Title: Notice of Proposed Construction or Alteration, Notice of Actual Construction or Alteration, Project Status Report.

Type of Request: Revision of an approved collection.

OMB Control Number: 2120-0001.

Form(s): 7460-1, 7460-2.

Affected Public: A total of 25,000 Respondents.

Frequency: The information is collected on occasion.

Estimated Average Burden per Response: Approximately 2 hours per response.

Estimated Annual Burden Hours: An estimated 15,500 hours annually.

Abstract: 49 U.S.C. Section 44718 states that the Secretary of Transportation shall require notice of structures that may affect navigable airspace, air commerce, or air capacity. These notice requirements are contained in 14 CFR Part 77.

ADDRESSES: Send comments to the FAA at the following address: Ms. Carla Mauney, Room 712, Federal Aviation Administration, Strategy and Investment Analysis Division, AIO-20, 800 Independence Ave., SW., Washington, DC 20591.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance

of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on March 20, 2007.

Carla Mauney,

FAA Information Collection Clearance Officer, Strategy and Investment Analysis Division, AIO-20.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Notice of Public Availability of an Environmental Assessment (EA) and Finding of No Significant Impact/Record of Decision (FONSI/ROD) for the Evaluation of Environmental Impacts Associated With Proposed Rehabilitation of Runway 3R-21L at Detroit Metropolitan Wayne County Airport (DTW) located in Romulus, Detroit**

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of Availability of an EA and FONSI/ROD for the evaluation of environmental impacts associated with the proposed rehabilitation of Runway 3R-21L at Detroit Metropolitan Wayne County Airport.

SUMMARY: The FAA is making available the EA and FONSI/ROD for the evaluation of environmental impacts associated with proposed rehabilitation of Runway 3R-21L at Detroit Metropolitan Wayne County Airport. The EA was prepared in accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, FAA Orders 1050.1E, "Environmental Impacts: Policies and Procedures" and FAA Order 5050.4B, "NEPA Implementing Instructions for Airport Actions".

POINT OF CONTACT: Mr. Ernest Gubry, Environmental Protection Specialist, DET-605, Federal Aviation Administration, Detroit Airport District Office, 11677 South Wayne Road, Suite 107, Romulus, MI 48174. Telephone number: 734-229-2905.

SUPPLEMENTARY INFORMATION: The FAA is making an EA and FONSI/ROD for the evaluation of environmental impacts associated with the proposed rehabilitation of Runway 3R-21L for the Detroit Metropolitan Wayne County Airport (the Airport), located in Detroit, Michigan. The proposed project consists of the demolition, removal and full-depth replacement of the pavement section for the northern-most 7,600 feet of the 150 feet wide Runway 3R-21L and associated work. The Project is planned to take 175 days and is proposed to start in the spring of 2007. During the 175 day construction period aircraft operations typically assigned to Runway 3R-21L would be reassigned to one of the other parallel runways or the crosswind runways. This would result in Runways 3L-21R, 4R-22L, 4L-22R and 9R-27L being used more often than would typically occur without the Proposed Action and as a result, a temporary increase in the number of aircraft and noise over residences immediately north and east of the airport is anticipated. This temporary operation would not result in the creation of any new air traffic procedures but would result in additional numbers of operations on existing flight tracks during the construction period. Runway 3R-21L will be reconstructed to its original length, width and strength and will not result in increases in operations or changes in types of aircraft using the runway. The flight tracks and percentage of use will also return to their prior usage. These documents will be available for public review during normal business hours at the Detroit Airport District Office, 11677 South Wayne road, Suite 107, Romulus, MI 48174. Please call the point of contact prior to visiting this office.

Issued in Detroit, Michigan, March 24, 2007.

Ernest P. Gubry,

*Acting Manager, Detroit Airport District Office
FAA, Great Lakes Region.*

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration**

[Summary Notice No. PE-2007-12]

Petitions for Exemption; Summary of Petitions Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petition for exemption received.

SUMMARY: This notice contains a summary of a petition seeking relief from specific requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of the FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on petitions received must identify the petition docket number involved and must be received on or before April 16, 2007.

ADDRESSES: Send comments on the petition to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2007-27562 at the beginning of your comments. If you wish to receive confirmation that the FAA received your comments, include a self-addressed, stamped postcard.

You may also submit comments through the Internet to <http://dms.dot.gov>. You may review the public docket containing the petition, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Dockets Office (telephone 1-800-647-5527) is on the plaza level of the NASSIF Building at the Department of Transportation at the above address. Also, you may review public dockets on the Internet at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Susan Boylon, ANM-113 (425-227-1152), Federal Aviation Administration, 1601 Lind Avenue, SW., Renton, WA 98057-3356 (for Dassault Aviation), or Frances Shaver, (202-267-9681), Office of Rulemaking (ARM-1), Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85 and 11.91.

Issued in Washington, DC, on March 19, 2007.

Pamela Hamilton-Powell,
Director, Office of Rulemaking.

Docket No.: FAA-2007-27562.

Petitioner: Dassault Aviation.

Section of 14 CFR Affected: 14 CFR 25.981(a)(3).

Description of Relief Sought: Dassault Aviation is seeking an exemption from § 25.981(a)(3) regarding the structural lightning protection of wing fasteners on Dassault Falcon 7X airplanes.
