- c. *Date Filed:* October 18, 2017.
- d. *Applicant:* Alaska Department of Fish and Game.
- e. *Name of Project:* Hidden Falls Lake Hydroelectric Project.
- f. *Location:* The project is located on Eastern Baranof Island in the City of Sitka Borough, approximately 20 miles northeast of the Sitka, Alaska.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
- h. *Applicant Contact:* Mr. Scott Wagner, NSRAA, 1308 Sawmill Creek Road, Sitka, AK 99835, (907) 747-6850.
- i. *FERC Contact:* Christopher Chaney, (202) 502-6778, or christopher.chaney@ferc.gov.

j. *Status of Environmental Analysis:* This application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.

k. *Deadline for filing responsive documents:* The Commission directs, pursuant to section 4.34(b) of the Regulations (see Order No. 533, issued May 8, 1991, 56 FR 23,108 (May 20, 1991)) that all comments, motions to intervene, protests, recommendations, terms and conditions, and prescriptions concerning the application be filed with the Commission: 60 days from the issuance of this notice. All reply comments must be filed with the Commission: 105 days from the issuance of this notice.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, and protests using the Commission's eFiling system at

<http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P-14785-000.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Project:* The proposed Hidden Falls Lake Hydroelectric Project would consist of: (1) An existing, approximately 18-foot by 24-foot powerhouse containing one existing 250-kilowatt (kW) turbine/generating unit; (2) a proposed, approximately 27-foot by 31-foot powerhouse containing one proposed 80-kW turbine/generating unit; and (3) appurtenant facilities. The applicant estimates the project would have an average annual generation of 1,401,600 kW-hours.

m. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE, Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number, P-14785, in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

n. *Development Application:* Any qualified applicant desiring to file a competing application must submit to

the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

o. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title COMMENTS, PROTEST, MOTION TO INTERVENE, REPLY COMMENTS, RECOMMENDATIONS, TERMS AND CONDITIONS, or PRESCRIPTIONS; (2) set forth in the heading, the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. If an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

Dated: January 24, 2018.

[Docket No. CP18-46-000]

Adelphia Gateway, LLC; Notice of Applications

Take notice that on January 12, 2018, Adelphia Gateway, LLC (Adelphia), 1415 Wyckoff Road Wall, New Jersey 07719, filed an application under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's rules and regulations requesting certificate authority to acquire and convert certain existing pipeline and auxiliary facilities, to construct additional auxiliary facilities, and to own and operate the existing and new facilities as an interstate natural gas pipeline system for its proposed Adelphia Gateway Pipeline Project located in Pennsylvania and Delaware. Adelphia plans to provide 250,000 Dekatherms per day (Dth/d) of natural gas transportation capacity from an interconnection with Texas Eastern Transmission, LP (Texas Eastern) in Bucks County, Pennsylvania to Marcus Hook, Delaware County, Pennsylvania, and 525,000 Dth/d of combined natural gas transportation capacity from an interconnection with Texas Eastern in Bucks County and an interconnection with Transcontinental Gas Pipeline Company, LLC in Northampton County to Martins Creek Terminal, Martins Creek, Pennsylvania, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, Adelphia proposes to (i) acquire an existing 84-mile, 18-inch-diameter mainline and 4.5-mile, 20-inch-diameter lateral gas pipeline, and existing appurtenant and auxiliary facilities, all of which are currently owned and operated in non-FERC jurisdictional service by Interstate Energy Company (ICE); (ii) convert a portion of these existing facilities from

dual oil and gas intrastate transportation service to solely natural gas transportation service; and (iii) construct additional new facilities including two compressor stations totaling 11,250 horsepower, two pipeline laterals totaling 4.6-miles extending from the planned Marcus Hook Compressor Station to interconnections in Chester, Delaware County, Pennsylvania and Claymont, New Castle County, Delaware, and various M&R stations.

Additionally, Adelphia requests: (i) A blanket certificate pursuant to Part 157, Subpart F and a blanket certificate pursuant to Part 284, Subpart G of the Commission's regulations; (ii) approval of its proposed pro forma tariff and certain non-conforming provisions in its firm service agreements with existing shippers on the IEC system; and (iii) any such other authorizations and waivers as may be necessary from the Commission to allow Adelphia to undertake the activities described in its Application.

Any questions regarding this application should be directed to William P. Scharfenberg, Assistant General Counsel, Adelphia Gateway, LLC, 1415 Wyckoff Road, Wall, NJ 07719, or call (732) 938-1134, or email: WScharfenberg@NJResources.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance

with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on February 13, 2018.
