

remain direct employees of the member organization given their unique senior principal executive responsibilities over the various areas of their associated member organization.¹²

III. Discussion

After careful consideration, the Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange¹³ and, in particular, the requirements of Section 6 of the Act.¹⁴ Specifically, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁵ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, and processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the proposed rule change should reduce unnecessary administrative burdens on the NYSE as well as member organizations. Persons who assert independent contractor status are subject to the member organizations' internal policies and procedures and the jurisdictional reach of the Exchange to the same extent as any other registered person. The Exchange would still receive notice of independent contractor arrangements. The Rule helps ensure that member organizations are aware of their responsibility to supervise independent contractors.

Specifically, the revised Form U4: (1) Obviates the need to submit duplicative notice because the Form U4 provides the Exchange prompt notice and an up-to-date record of such persons¹⁶ by requiring the identification by registered persons of independent contractor status; and (2) establishes jurisdictional

reach by requiring registered persons who seek to become associated with a member organization to "submit to the authority of the jurisdictions and SROs and agree to comply with all provisions, conditions and covenants of the statutes, constitutions, certificates of incorporation, by-laws and rules and regulations of the jurisdictions and SROs as they are or may be adopted, or amended from time to time."¹⁷

The Exchange believes that permitting supervisors to assert independent contractor status should not affect the individual's ability to supervise, nor would it reduce accountability for failure to fulfill their supervisory, regulatory, and other professional obligations. The Commission notes that regardless of whether an individual is deemed an independent contractor, he will be required to have the same qualifications and act in the same capacity as any other person similarly charged with supervisory responsibilities.

Finally, the Commission reiterates its longstanding position that the designation of an independent contractor has no relevance for purposes of the securities laws.¹⁸ In this regard, the Commission notes that member organizations may not avoid their obligation to control and supervise the activities of their registered persons by designating them as independent contractors.¹⁹

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁰ that the proposed rule change (File No. SR-NYSE-2006-05), as amended, is hereby approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.²¹
