Attachment—Confirmatory Order Confirmatory Order

I

South Carolina Electric & Gas Company (SCE&G or Licensee) is the holder of License No. NPF-12, issued by the U.S. Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part 50 on August 6, 1982, and renewed on April 23, 2004. The license authorizes the operation of Virgil C. Summer Nuclear Station (SNS), Unit 1, in accordance with the conditions specified therein. The facility is located on the Licensee's site in Jenkinsville, South Carolina.

This Confirmatory Order is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on October 8, 2013.

II

On January 16, 2013, the NRC's Office of Investigations (OI), Region II, completed an investigation regarding a security matter at SNS. The purpose of the investigation was to: (1) Review the facts and circumstances surrounding the actions of a former Environmental Health and Safety Specialist, Stone & Webster, Inc. (Shaw) employee, who in approximately September of 2010 falsified an SNS Unit 1 Personnel History Questionnaire (PHQ) and provided a fictitious court record to deliberately conceal potentially disqualifying criminal history information in order to obtain employment at the site, and (2) determine whether the SNS access officials properly adjudicated potentially disqualifying information in this individual's PHQ, and supporting materials, prior to granting him unescorted access authorization (UAA) during the September 2010 time frame.

Based on the investigation and NRC staff review, two apparent violations were identified, as documented in the NRC's letter to SCE&G dated June 4, 2013.

The first apparent violation involved the willful actions of the licensee's access authorization staff, which caused the licensee's access authorization program to fail to provide high assurance that individuals granted unescorted access are trustworthy and reliable such that they do not constitute an unreasonable risk to public health and safety, as required by Title 10 of the *Code of Federal Regulations* at 10 CFR
