

(4) During periods of enforcement, entry and movement within the RNA is subject to a “Slow-No Wake” speed limit. Vessels may not produce more than a minimum wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway.

(5) During periods of enforcement, vessels must comply with all directions given to them by the COTP or the COTP’s on-scene representative. The “on-scene representative” of the COTP is any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP’s behalf. The on-scene representative may be on a Coast Guard vessel; Maine State Police, Maine Marine Patrol or other designated craft; or may be on shore and communicating with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(6) During periods of enforcement, upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

(7) All other relevant regulations, including but not limited to the Rules of the Road (33 CFR 84—Subchapter E, Inland Navigational Rules) remain in effect within the regulated area and must be strictly followed at all times.

(c) *Enforcement Period.* This regulation is enforceable 24 hours a day from 12:01 a.m. on September 1, 2014 until 11:59 p.m. on June 30, 2017.

(1) Prior to commencing or suspending enforcement of this regulation, the COTP will give notice by appropriate means to inform the affected segments of the public, to include dates and times. Such means of notification will include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners.

(2) Violations of this RNA may be reported to the COTP at 207-767-0303 or on VHF-Channel 16.

Dated: July 15, 2014.

L. L. Fagan,

*Rear Admiral, U.S. Coast Guard, Commander,
First Coast Guard District.*

Coast Guard

33 CFR Part 165

[Docket Number USCG-2014-0215]

RIN 1625-AA11

Regulated Navigation Area; Bridge 1 Structural Repairs at Portsmouth Naval Shipyard, Kittery, ME

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The U.S. Navy has requested the Coast Guard to establish a regulated navigation area (RNA) on the navigable waters of the Piscataqua River surrounding Bridge 1 between Kittery, ME, and Seavey Island, ME. Sector Northern New England received notice of potential bridge work being conducted on Bridge 1 between Kittery, ME, and the Portsmouth Naval Shipyard on Seavey Island from September 1, 2014 through April 30, 2017. This RNA would allow the Coast Guard to enforce speed and wake restrictions and limit vessel traffic through the RNA during operations involving bridge structural repairs, both planned and unforeseen, which could pose an imminent hazard to persons and vessels operating in the area. This rule is necessary to provide for the safety of life on the navigable waters during bridge structural repair operations.

DATES: Comments and related material must be received by the Coast Guard on or before August 25, 2014.

ADDRESSES: You may submit comments identified by docket number using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail or Delivery:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for further instructions on submitting comments. To avoid duplication, please use only one of these three methods.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call

Lieutenant Junior Grade Elizabeth V. Gunn, Waterways Management Division at Coast Guard Sector Northern New England, at 207-767-0398 or email at Elizabeth.V.Gunn@uscg.mil. If you have questions on viewing or submitting material to the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

NPRM Notice of Proposed Rulemaking

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number [USCG-2013-0215] in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider

all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG–2014–0215) in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one on or before August 1, 2014 using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

B. Regulatory History and Information

On September 11, 2013, Sector Northern New England received notice of potential bridge work being conducted on Bridge 1 between Kittery, ME, and the Portsmouth Naval Shipyard on Seavey Island from September 1, 2014 through April 30, 2017. A Construction Approval Letter will be issued once a contractor is awarded the contract to perform needed repairs.

On February 26, 2014, the U. S. Navy posted a notice in the Portsmouth Herald advising the public of the intent to file applications for approval of structural repairs to be made to Bridge 1. No comments or requests for public meeting were made.

C. Basis and Purpose

Under the Ports and Waterways Safety Act, the Coast Guard has the authority

to establish RNAs in defined water areas that are determined to have hazardous conditions and in which vessel traffic can be regulated in the interest of safety. See 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Public Law 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1. The purpose of this proposed rule is to ensure the safe transit of vessels in the area, and to protect all persons, vessels, and the marine environment during structural repairs made to the Portsmouth Naval Shipyard, Bridge 1.

D. Discussion of Proposed Rule

The Coast Guard is proposing to establish an RNA on the navigable waters of the Piscataqua River surrounding Bridge 1 which spans from Kittery, Maine, to Seavey Island, Maine from September 1, 2014 to April 30, 2017. The Portsmouth Naval Shipyard is the bridge owner and is contracting the structural repairs. This bridge is the main entrance to the Portsmouth Naval Shipyard. The existing bridge is a steel girder structure approximately 300 feet long and 50 feet 7 inches wide. Existing vertical clearance is 7 feet at MLW; the proposed vertical clearance is also 7 feet at MLW. Horizontal clearance is currently 57 feet and the proposed clearance would be 56 feet 6 inches. Existing granite block and steel reinforced abutments and piers will remain in place but will be reinforced with cladding around the abutments. As a result, the horizontal clearance would be reduced by six inches.

This proposed RNA would allow the Captain of the Port Sector Northern New England (COTP) to establish speed and wake restrictions and to prohibit vessel traffic on this portion of the river for limited periods when necessary for the safety of vessels and workers during construction work in the channel. The Coast Guard would enforce a five knot speed limit as well as a “NO WAKE” zone and would be able to close the designated area to all vessel traffic under any circumstances, planned or unforeseen, that pose an imminent threat to waterway users or construction operations in the area. At this time, only partial closures of the waterway are anticipated.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We expect the economic impact of this rule to be minimal because this regulated navigation area only requires vessels to reduce speed through a limited portion of the Piscataqua River, therefore causing only a nominal delay to a vessel’s transit.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

This proposed rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in the vicinity of Bridge 1 from September 1, 2014 to April 30, 2017. These entities would only be required to reduce their speed through a limited portion of the Piscataqua River outside of the main channel.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for

compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation,

eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves the establishment of an RNA. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant

environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T01–0215 to read as follows:

§ 165.T01–0215 Regulated Navigation Area; Bridge 1 structural repairs at Portsmouth Naval Shipyard, Kittery, ME

(a) *Location.* The following area is a Regulated Navigation Area (RNA): All navigable waters of Piscataqua River between Kittery, ME and Seavey Island, ME, from surface to bottom, within a 300 yard radius of position 44°05′06″ N, 070°44′29″ W.

(b) *Regulations.* (1) The general regulations contained in 33 CFR 165.10, 165.11, and 165.13 apply within the RNA.

(2) In accordance with the general regulations, entry into or movement within this zone, during periods of enforcement, is prohibited unless authorized by the Captain of the Port Sector Northern New England (COTP).

(3) Persons and vessels may request permission to enter the RNA during periods of enforcement by contacting the COTP or the COTP’s on-scene representative on VHF–16 or via phone at 207–767–0303.

(4) During periods of enforcement, entry and movement within the RNA is subject to a “Slow-No Wake” speed limit. Vessels may not produce more than a minimum wake and may not attain speeds greater than five knots unless a higher minimum speed is necessary to maintain steerageway.

(5) During periods of enforcement, vessels must comply with all directions given to them by the COTP or the COTP’s on-scene representative. The “on-scene representative” of the COTP is any Coast Guard commissioned, warrant or petty officer who has been designated by the COTP to act on the COTP’s behalf. The on-scene representative may be on a Coast Guard

vessel; Maine State Police, Maine Marine Patrol or other designated craft; or may be on shore and communicating with vessels via VHF-FM radio or loudhailer. Members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(6) During periods of enforcement, upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed.

(7) All other relevant regulations, including but not limited to the Rules of the Road (33 CFR § 84—Subchapter E, Inland Navigational Rules) remain in effect within the regulated area and must be strictly followed at all times.

(c) *Enforcement Period.* This regulation is enforceable 24 hours a day from 12:01 a.m. on September 1, 2014 until 11:59 p.m. on April 30, 2017.

(1) Prior to commencing or suspending enforcement of this regulation, the COTP will give notice by appropriate means to inform the affected segments of the public, to include dates and times. Such means of notification will include, but are not limited to, Broadcast Notice to Mariners and Local Notice to Mariners.

(2) Violations of this RNA may be reported to the COTP at 207-767-0303 or on VHF-Channel 16.

Dated: July 15, 2014.

L. L. Fagan,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

Approval and Promulgation of Air Quality Implementation Plans; Ohio; Infrastructure SIP Requirements for the 2008 Lead, 2008 Ozone, 2010 NO₂, and 2010 SO₂ NAAQS

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve elements of state implementation plan (SIP) submissions from Ohio regarding the infrastructure requirements of section 110 of the Clean Air Act (CAA) for the 2008 lead (Pb), 2008 ozone, 2010

nitrogen dioxide (NO₂), and 2010 sulfur dioxide (SO₂) National Ambient Air Quality Standards (NAAQS). The infrastructure requirements are designed to ensure that the structural components of each state's air quality management program are adequate to meet the state's responsibilities under the CAA.

DATES: Comments must be received on or before August 25, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2011-0888 (2008 Pb infrastructure elements), EPA-R05-OAR-2011-0969 (2008 ozone infrastructure elements), EPA-R05-OAR-2012-0991 (2010 NO₂ infrastructure elements), or EPA-R05-OAR-2013-0435 (2010 SO₂ infrastructure elements) by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.

2. *Email:* aburano.douglas@epa.gov.

3. *Fax:* (312) 408-2279.

4. *Mail:* Douglas Aburano, Chief, Attainment Planning and Maintenance Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

5. *Hand Delivery:* Douglas Aburano, Chief, Attainment Planning and Maintenance Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604. Such deliveries are only accepted during the Regional Office normal hours of operation, and special arrangements should be made for deliveries of boxed information. The Regional Office official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

Instructions: Direct your comments to Docket ID. EPA-R05-OAR-2011-0888 (2008 Pb infrastructure elements), EPA-R05-OAR-2011-0969 (2008 ozone infrastructure elements), EPA-R05-OAR-2012-0991 (2010 NO₂ infrastructure elements), or EPA-R05-OAR-2013-0435 (2010 SO₂ infrastructure elements). EPA's policy is that all comments received will be included in the public docket without change and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *www.regulations.gov* or email. The *www.regulations.gov* Web site is an

"anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through *www.regulations.gov* your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the *www.regulations.gov* index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in *www.regulations.gov* or in hard copy at the U.S. Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Andy Chang, Environmental Engineer, at (312) 886-0258 before visiting the Region 5 office.

FOR FURTHER INFORMATION CONTACT:

Andy Chang, Environmental Engineer, Attainment Planning and Maintenance Section, Air Programs Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-0258, chang.andy@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever "we," "us," or "our" is used, we mean EPA. This supplementary information section is arranged as follows:

- I. What should I consider as I prepare my comments for EPA?
- II. What is the background of these SIP submissions?
 - A. What state SIP submissions does this rulemaking address?
 - B. Why did the state make these SIP submissions?
 - C. What is the scope of this rulemaking?
