DEPARTMENT OF STATE

[Public Notice: 11940]

**Private Sector Participation in
Domestic and International Events on
Spaceflight Safety, Sustainability, and
Emerging Markets in Outer Space**

ACTION: Notice.

SUMMARY: The U.S. Department of State seeks private sector participation in a series of domestic and international events promoting space commerce as well as implementation of best practices for the peaceful uses of outer space for

civil and commercial activities in a safe and responsible manner. These events and the participation of the commercial space sector, academia and other non-governmental organizations will assist the Department of State in fulfilling its responsibilities pursuant to the 2020 National Space Policy and the 2021 United States Space Priorities Framework.

DATES: Participants will serve as private sector advisors to U.S. delegations to one or more workshops, meetings, symposia, and other international events related to safety, sustainability, and emerging markets in outer space until December 31, 2023.

ADDRESSES: Solicitations for private sector participation in specific events, including event dates and locations, will be posted at least 30 days prior to the event on <https://www.state.gov/remarks-and-releases-bureau-of-oceans-and-international-environmental-and-scientific-affairs/>.

FOR FURTHER INFORMATION CONTACT: Ryan Guglietta, Foreign Affairs Officer, Office of Space Affairs, Bureau of Oceans and International Environmental and Scientific Affairs, Department of State, Washington, DC 20522, phone 860-573-0708, or email gugliettart@state.gov.

SUPPLEMENTARY INFORMATION: Events will vary in location and format, to include fully online, hybrid, and in-person activities. Short notice modification of plans may be required in response to pandemic precautions. Meetings may be stand alone or on the margins of related events, which may include, but are not limited to, the United Nations Committee on the Peaceful Uses of Outer Space (UNCOPUOS) Scientific and Technical Subcommittee (STSC) in Vienna in February 2023, the UNCOPUOS Legal Subcommittee (LSC) in Vienna in March 2023, the UNCOPUOS plenary in Vienna in June 2023, and workshops, conferences, or other meetings organized by the UN Office of Outer Space Affairs. There may also be additional opportunities to provide expert views related to domestic policies and U.S. positions in other international diplomatic fora. Please note that approximately two to four applicants are expected to be selected for each UNCOPUOS meeting, depending on the size of the overall U.S. delegation. Participants should focus on the following:

Safety: Identify key safety issues for crewed and/or uncrewed outer space operations. Discuss current attempts to address these issues and suggest new

concerns that may develop as private sector space activities advance and evolve.

Sustainability: Explore efforts to promote responsible behavior in space. Examine best practices and guidelines aimed at preserving the outer space environment for future space investment, exploration and use. In particular, implementation of the 2019 UNCOPUOS Long-Term Sustainability (LTS) guidelines and the multi-nation Artemis Accords should be considered.

Emerging Markets: Discuss the challenges to an economically viable space industry and how these challenges relate to the domestic regulatory and international governance frameworks. Share recent advances within the commercial space sector and how they may develop in the future. Evaluate how an expanding commercial sector may affect equities like terrestrial based astronomy, planetary protection, orbital debris mitigation, and other aspects of safe and sustainable operations in outer space.

Valda Vikmanis-Keller,

Director, Office of Space Affairs, Department of State.

SURFACE TRANSPORTATION BOARD

[Docket No. EP 730 (Sub-No.1)]

Roster of Arbitrators—Annual Update

Pursuant to 49 U.S.C. 11708, the Board's regulations establish a voluntary and binding arbitration process to resolve rail rate and practice complaints that are subject to the Board's jurisdiction. Section 11708(f) provides that, unless parties otherwise agree, an arbitrator or panel of arbitrators shall be selected from a roster maintained by the Board. Accordingly, the Board's rules establish a process for creating and maintaining a roster of arbitrators. 49 CFR 1108.6(b).

The Board most recently updated its roster of arbitrators by decision served February 15, 2022. The roster is published on the Board's website at www.stb.gov (click the "Resources" tab, select "Litigation Alternatives" from the dropdown menu, and then click on the "Arbitration" link).

As provided under 49 CFR 1108.6(b), the Board updates the roster of arbitrators annually. Accordingly, the Board is now requesting the names and qualifications of new arbitrators who wish to be placed on the roster. Current arbitrators who wish to remain on the roster must notify the Board of their

continued availability and confirm that the biographical information on file with the Board remains accurate and, if not, provide any necessary updates. Arbitrators who do not confirm their continued availability will be removed from the roster. This decision will be served on all current arbitrators.

Any person who wishes to be added to the roster should file an application that describes the applicant's experience with rail transportation and economic regulation, as well as professional or business experience, including agriculture, in the private sector. The submission should also describe the applicant's training in dispute resolution and/or experience in arbitration or other forms of dispute resolution, including the number of years of experience. Lastly, the submission should provide the applicant's contact information and information on fees.

All comments—including filings from new applicants, updates to existing arbitrator information, and confirmations of continued availability—should be submitted either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423–0001 by January 19, 2023. The Board will assess each new applicant's qualifications to determine which individuals can ably serve as arbitrators based on the criteria established under 49 CFR 1108.6(b). The Board will then establish an updated roster of arbitrators by no-objection vote. The roster will include a brief biographical sketch of each arbitrator, including information such as background, area(s) of expertise, arbitration experience, and geographical location, as well as contact information and fees. The roster will be published on the Board's website.

It is ordered:

1. Applications from persons interested in being added to the Board's roster of arbitrators, and confirmations of continued availability (with updates, if any, to existing arbitrator information) from persons currently on the arbitration roster, are due by January 19, 2023.

2. This decision will be served on all current arbitrators and published in the **Federal Register**.

3. This decision is effective on the date of service.

Decided: December 15, 2022.

By the Board, Mai T. Dinh, Director, Office of Proceedings.

Kenyatta Clay,
Clearance Clerk.

Federal Aviation Administration

[Docket No. FAA–2022–1502]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Renewal, Maintenance, Preventive Maintenance, Rebuilding, and Alteration

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The information to be collected is necessary to insure the safety of the flying public. Documentation of maintenance repair actions record who, what, when, where and how of the task performed. This collection focuses on the Form 337 which is collected by the FAA. Other records for preventative maintenance, and logbook entries are not collected by the FAA serve as a responsibility of the owner to maintain in case of verification of airworthiness when seeking approvals or sale of the aircraft. This insures proper certification of personnel; proper tooling is utilized and accurate measures to insure safety. Total Form 337s submitted in 2017 is 54,237. Total aircraft registrations on file is 289,490. It is estimated by the numbers collected one in every five aircraft have a 337 form submitted for major alteration and repairs performed. Each 337 takes approximately 1 hour.

DATES: Written comments should be submitted by January 16, 2023.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

By email: Jude Sellers, jude.n.sellers@faa.gov.

SUPPLEMENTARY INFORMATION: All maintenance actions as well as documentation are required by title 14 CFR part 43.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to

enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120–0020.

Title: Maintenance, Preventive Maintenance, Rebuilding, and Alteration.
