One of the issues to be discussed at the meeting will be FSIS's interim final rule on the control of *Listeria monocytogenes* (Lm) in ready-to-eat meat and poultry products (68 FR 34207, June 6, 2003). FSIS is interested in learning the Committee's opinion of the Agency's efforts to assess the effectiveness of the interim final rule. All interested parties are welcome to attend the meetings and to submit written comments and suggestions concerning issues the Committee will review and discuss. The comments and the official transcript of the meeting, when they become available, will be kept in the FSIS Docket Room at the address provided above. All comments
