#### IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>24</sup> Specifically, the Commission believes that the proposed

rule change is consistent with section 6(b)(4) of the Act,<sup>25</sup> which requires that the rules of the Exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities.

On July 29, 2004<sup>26</sup> and August 16, 2004,<sup>27</sup> the Exchange filed proposed rule changes with the Commission, which were immediately effective,<sup>28</sup> relating to the Exchange's equity options payment for order flow program for trades settling on or after August 2, 2004. On September 22, 2004, the Commission summarily abrogated these proposed rule changes.<sup>29</sup> On that same day, the Exchange filed a proposed rule change, which was immediately effective, that implemented a new payment for order flow program for trades settling on or after September 22, 2004.<sup>30</sup> Because, under Section 19(b)(3)(C) of the Act,<sup>31</sup> the Abrogation Order does not affect the validity or force of the proposed rule changes filed on July 29, 2004,<sup>32</sup> and August 16, 2004<sup>33</sup> during the period that they were in effect (*i.e.*, for trades settling on or after August 2, 2004 through September 21, 2004), this proposed rule change would modify the Exchange's equity options payment for order flow program that was in effect for trades settling on or after September 1, 2004 through September 21, 2004 to be consistent with the equity options payment for order flow program that has been in effect as of September 22, 2004.

The Exchange also proposes to permit specialists to request reimbursement for payment for order flow funds on an option-by-option basis and to rebate to the affected ROTs any excess funds collected, but not distributed to, specialists for trades settling on or after August 2, 2004 through August 30, 2004.

The Commission believes that the Exchange's proposal to modify its equity options payment for order flow program that was in effect immediately preceding the Abrogation Order would

provide for a uniform program for the month of September 2004 and thus would reduce confusion and promote consistency with respect to the application of its payment for order flow program for trades settling during the month of September 2004. The Commission further believes that the Exchange's proposal to provide a method for distributing payment for order flow fees, on an option-by-option basis, for trades settling during August 2004 and for rebating any excess fees that were collected but not distributed would provide an appropriate method for handling fees collected under the equity options payment for order flow program that was in effect for August 2004, but was later summarily abrogated by the Commission.<sup>34</sup> Therefore, the Commission finds that there is good cause, consistent with Section 19(b)(2) of the Act,<sup>35</sup> to approve the proposed rule change prior to the 30th day of the date of publication of notice of filing thereof in the **Federal Register**.

#### V. Conclusion

*It is therefore ordered*, pursuant to section 19(b)(2) of the Act,<sup>36</sup> that the proposed rule change (File No. SR-Phlx-2004-61) be approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>37</sup>

**J. Lynn Taylor,**

*Assistant Secretary.*
