

prohibiting the disposal, placement, or release of any hazardous substance; and will contain an appropriate indemnification clause protecting the United States from claims arising out of the lessee's use, occupancy or operations on the leased lands. It will also contain any other terms or conditions deemed necessary or appropriate by the authorized officer. As of May 23, 2011, the above-described land is segregated from all forms of appropriation under the public land laws, including the United States mining laws, except for lease under the R&PP Act.

Public Comments: Interested parties may submit written comments involving the suitability of the land for a runway and related improvements for flying radio-controlled model airplanes. Comments transmitted via e-mail, facsimile, or other electronic means will not be accepted. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize future uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested parties may also submit written comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching its decision or any other factor not directly related to the suitability of the land for R&PP Act use.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse written comments on the proposed classification and lease will be reviewed by the BLM Idaho State Director, who may sustain, vacate or modify this realty action and classification, and issue a final determination. In the absence of any objections, the classification of the land described in this notice will become effective on July 22, 2011. The land will not be available for lease until after the classification becomes effective.

Environmental Impact Statement for the Big Cypress National Preserve Addition, Florida

AGENCY: National Park Service.

ACTION: Notice of Availability of the Record of Decision and Floodplain Statement of Findings for the General Management Plan/Wilderness Study/Off-Road Vehicle Management Plan/Environmental Impact Statement for the Big Cypress National Preserve Addition.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the Record of Decision (ROD) and Floodplain Statement of Findings for the General Management Plan/Wilderness Study/Off-Road Vehicle Management Plan/Environmental Impact Statement (EIS) for the Big Cypress National Preserve Addition, Florida. On February 4, 2011, the Regional Director, Southeast Region, approved the ROD for the project.

SUPPLEMENTARY INFORMATION: Four alternatives were evaluated in the Environmental Impact Statement. These include: Alternative A, No Action—continues current management; Alternative B—enables visitor participation in a wide variety of outdoor recreational experiences; Alternative F—emphasizes resource preservation, restoration, and research while providing recreational opportunities with limited facilities and support; and the Preferred Alternative—provides diverse frontcountry and backcountry recreational opportunities, enhances day use and interpretive opportunities along road corridors, and enhances recreational opportunities with new facilities and services. The Environmental Impact Statement also evaluated the impacts of a wilderness study and an off-road vehicle management plan.

The Preferred Alternative is NPS' selected alternative. The ROD includes a statement of the decision made, a description of mitigation measures and monitoring, synopses of other alternatives considered, the basis for the decision, a description of the

environmentally preferable alternative, an overview of public involvement in the decision-making process, the U.S. Fish and Wildlife Service's Biological Opinion for the project, a finding of no impairment of Preserve resources and values, and a Floodplain Statement of Findings.

ADDRESSES: The ROD is available online at <http://parkplanning.nps.gov/bicy>. You may request a hard copy by contacting Pedro Ramos, Superintendent, Big Cypress National Preserve, 33100 Tamiami Trail East, Ochopee, FL 34141-1000.
