Frequency: On occasion

Reporters: State member banks

Annual reporting hours: 14,159 hours

Number of respondents: 899

Estimated average hours per response: 1.5 minutes

General description of report: This information collection is mandatory pursuant to the Federal Deposit Insurance Act, 12 U.S.C. 1831x. Since the Federal Reserve does not collect any information, no issue of confidentiality normally arises.

Abstract: Section 305 of the Gramm-Leach-Bliley Act requires financial institutions to provide written and oral disclosures to consumers in connection with the initial sale of an insurance product or annuity concerning its uninsured nature and the existence of the investment risk, if appropriate, and the fact that insurance sales and credit may not be tied.

Covered persons must make insurance disclosures before the completion of the initial sale of an insurance product or annuity to a consumer. The disclosure must be made orally and in writing to the consumer that: (1) the insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the financial institution or an affiliate of the financial institution; (2) the insurance product or annuity is not insured by the FDIC or any other agency of the United States, the financial institution, or (if applicable) an affiliate of the financial

institution; and (3) in the case of an insurance product or annuity that involves an investment risk, there is investment risk associated with the product, including the possible loss of value.

Covered persons must make a credit disclosure at the time a consumer applies for an extension of credit in connection with which an insurance product or annuity is solicited, offered, or sold. The disclosure must be made orally and in writing that the financial institution may not condition an extension of credit on either: (1) the consumer's purchase of an insurance product or annuity from the financial institution or any of its affiliates; or (2) the consumer's agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(3) **Report title:** Domestic Branch Notification

Agency form number: FR 4001

OMB Control number: 7100-0097

Frequency: On occasion

Reporters: State member banks

Annual reporting hours: 2,244 hours

Estimated average hours per response: 30 minutes for expedited notifications;

1 hour for nonexpedited notifications

Number of respondents: 382

expedited; 2,053 nonexpedited

General description of report: This information collection is mandatory per Section 9(3) of the Federal Reserve Act (12 U.S.C. § 321) and is not given confidential treatment.

Abstract: The Federal Reserve Act and Regulation H require a state member bank to seek prior approval of the Federal Reserve System before establishing or acquiring a domestic branch. Such requests for approval must be filed as notifications at the appropriate Reserve Bank for the state member bank. Due to the limited information that a state member bank generally has to provide for branch proposals, there is no formal reporting form for a domestic branch notification. A state member bank is required to notify the Federal Reserve by letter of its intent to establish one or more new branches, and provide with the letter evidence that public notice of the proposed branch(es) has been published by the state member bank in the

appropriate newspaper(s). The Federal Reserve uses the information provided to fulfill its statutory obligation to review any public comment on proposed branches before acting on the proposals, and otherwise to supervise state member banks.

Current Actions: On October 18, 2006, the Federal Reserve published a notice in the Federal Register (71 FR 61472) requesting public comment for 60 days on the extension, without revision, of the Domestic Branch Notification. The comment period for this notice expired on December 18, 2006. The Federal Reserve did not receive any comments.
